REFUSAL OF KNOX TO CAUSE A STIR

Will Not Produce State Department Records for Committee in Congress.

ACTED UPON TAFT'S ADVICE

Intimated That Certain Fund Has Been Misappropriated—Caused Lively Controversy in House. —May Cause Inquiry.

Washington, June 2.—A lively controversy over the executive's right to withhold confidential papers from a Congressional probing committee, was precipitated at the capitol today by a flat refusal of Secretary of State Knox on the instruction of President Taft to lay before the House Committee on Expenditures the State Department books showing the record of the payment for the portrait of ex-Secretary of State Day.

The committee is seeking to discover what became of the $1,600 balance on the $2,450 voucher drawn for the payment of portrait. Artist Rosenthal received only $850 for his work and the $1,600 is yet unaccounted for.

The President held that the $2,450 was paid out of the emergency fund for unforseen emergencies in the diplomatic and consular service and for extending diplomatic intercourse with foreign nations which Congress had provided need not accounted for if the President certifies that an item should be paid from this fund. President Roosevelt had made a certification, and President Taft hesitated to go back of that certification. Furthermore, Secretary Knox explained to the committee that it was improper to produce the books because thereby other undisclosed items of expenditure would be revealed. Secretary Knox said he was directed to complete his investigation into what became of the money and to report the facts to the President. Chairman Hamlin, of Missouri, took issue with the Secretary's asserted right to refuse to produce the record of the expenditures.

"Do you mean to say that $2,450 may be spent for a portrait and Congress refused all information in regard to it?" he asked.

Secretary Knox replied that it was proper when a former President certified to a certain expenditure from the emergency fund.

Mr. Hamlin threatened to take the matter to the floor of the House.

The colloquy between th eSecretary and the chairman finally rested in the suggestion that the chairman might be allowed personally to inspect the particular record. This course will probably be followed. Mr. Knox said that the books showed no further information than the committee was in possession of.

Mr. Hamlin questioned Secretary Knox closely as to what justification there was for paying for a portrait out of a secret fund set aside for unforseen emergencies and extending diplomatic intercourse.

Mr. Knox said it had been the practice since 1890. He informed the committee that no trace had yet been found of the $2,450 voucher which Mr. Rosenthal said he signed in blank after receiving the personal check of former Chief Clerk Michael, now consul general at Calcutta. He conceded it was very irregular for a voucher to be made out for more than the signer received and that such action placed a burden on him who made it out to explain the circumstances.

"I surmise—it is just my impression," said the Secretary, "that if we find that this $1,600 was legitimately expended notwithstanding the irregularity of the record, that will end ... but if it has been filched, the greater punishment of the offender the greater will be our pleasure."

President Taft in his reply to Secretary Knox's letter to him asking what course he should pursue in obedience to the committee's summons to produce the records, said that in view of the facts and circumstances and that the emergency fund expenditure for this period have under the express authority of Congress been certified by Secretary Hay "for my predecessor, President Roosevelt, as being of such a character as ought not to be made public, I feel that nothing but some extraordinary circumstances would justify me in directing you to take such records before the committee named, because the discretion thus exercised under the statute should, in my judgment, in general be conclusive and binding upon this point."

The President added that when Secretary Knox concluded his investigation of the particular expenditure and submitted the matter to him he (the President), would determine whether the money was lawfully "or dishonestly and improperly misappropriated."

"If I have reason to believe that the latter alternative is the true one," the President added, "then shall direst you to submit the result of your investigation with respect to the item to the committee. In the meantime, I do not deem it proper that you should submit to the committee the telegrams and other steps, or partial details, of your investigation."

Senator Root, who was Secretary of State about the time the portrait was paid for will testify net Tuesday as to what he may know about the case.

ACREAGE REPORT A SURPRISE

Government's Estimate of Cotton Crop Causes Excitement on New Orleans Exchange—Meant Much to Speculators.

New Orleans, June 2.—The government bureau reports were a big surprise in the cotton market today. The report on average was as big a surprise as the report on condition. One was as bullish as the other was bearish and they about balanced one another, after the ring got over its first shock.

The market was wonderfully strong. Right on the dot at 11 o'clock, the figures on condition came out. They were 87.8, or almost three points higher than the average expected. The ring was crowded 20 deep with brokers; the floor was filled with visitors from all parts of the cotton belt, and, hot as it was, the big visitors' gallery was crowded with women.

Excitement was high and the noise was deafening. Bears thought they saw the chance of their lives and commenced to offer cotton in large blocks, but their offerings were quickly snapped up. The coolest man at the ringside was the bull leader, Frank B. Hayne.

Immediately after the condition figures were out October traded at 13.08 or a loss of 8 points from the level reached just before 11 o'clock. December lost six points; July lost five. This was an insignificant decline, considering the bearish import of the condition figures.

Then the report on acreage was read to the ring. It was greeted by a roar of approval from the bull side. The first statement read out was that the area planted in cotton had been increased by 1,586,000 acres. This did not mean much to the trade, which has been figuring in percentage. Supplementary figures said that the increase amounted to 4.7 per cent. This meant a whole lot to the ring and October shot upward five points.

Added to last year's acreage, the increase this year means that 35,044,000 acres have been planted in cotton to make the crop of 1911-12. It was generally thought that the increase would amount to 6 per cent.

ENRIGHT CONFESSED KILLING.

Murder Grew Out of Rivalry Between Labor Unions.

Chicago, June 2.—Maurice Enright, business agent of the Steamfitters' Union, charged with the murders of Vincent Altman and William Gentleman, and thought by the police to have been implicated in other labor union shooting affairs and sluggings, confessed that he shot and killed Gentleman while in a saloon on May 22nd.

Enright absolved labor union officers of any responsibility in the murder, and declared he shot Gentleman after Gentleman had fired several shots at him, following a personal quarrel. He denied that he had any knowledge of the killing of Altman, or Bernard Malloy, both agents of labor unions, who were shot in saloons recently.

The confession is the first direct admission of guilt the police have obtained in murders and sluggins growing out of jurisdictional conflicts between the Junior Steamfitters' Union and the Plumbers' Union, in which Malloy ,Altman and Gentleman were killed, a number of workmen were fired on by men said to be representatives of the rival unions, and scores have been beaten.

HEZ WILLIAMSON.

No Negro Could Swear Whiteville Boy in As Page.

(Special to Charlotte Chronicle.)

Washington, D. C., June 2.—Hez Williamson, whom Representative Godwin appointed a page in the House refused to be sworn in by a negro notary public. When young Williamson appeared at the office of Sergeant-at-Arms Jackson to be sworn in, John Hollingsworth, the notary, was out. Williamson was told to go up on the next floor and "Mr. Aaron Russell" would do the necessary. Williamson did so—that is, he went up to the designated office—but he refused to be sworn in. The "Mr. Russell" was a negro. "I will allow no nigger to swear me in anything," said Williamson when he returned to Mr. Jackson's office. And Hez had his way. He waited until Mr. Hollingsworth returned and had the necessary ceremony performed by a white man.

FIREMEN AND SOUTHERN.

No Change in Situation and Strike is Still Imminent.

Washington, June 2.—Efforts to mediate the differences between the Southern Railway and the company's men continued today without result and tonight the situation apparently is just what it was three days ago. The firemen are holding out for 20 per cent. increase in wages and other concessions, while the company insists upon a compromise.

Representatives of the firemen were closeted with the mediators practically all day. Officials of the railway will be called in tomorrow morning.

Representatives of the Southern's engineers here to ask for an increase of 25 per cent. in wages, have not yet appeared at the railway offices. It is understood that the engineers do not contemplate an attempt to force compliance in the event the company denies their petition.

MADERO AWAITED AT MEXICO CITY

To Discuss With the Acting President Matters of the New Government.

HAS STARTED FROM EL PASO

Will Visit Several Cities en Route in Effort to Pacify Section of the Country—Senor Madero Greatly Pleased.

El Paso, Texas, June 2.—Francisco I. Madero started today for Mexico City to discuss with President de La-Barra the problem of forming a new government for Mexico. Going by way of Eagle Pass, Texas, Senor Madero intends after crossing the border, to travel in a special train, guarded gy armed insurrectos. He will visit Torreon, Zacatecas and Aguas Callientes, in an effort to pacify that section of the country.

Senor Madero is due to arrive in Mexico City at 10 A. M. next Wednesday. Those selected to accompany him included Raoul Madero, his brother, and Francisco Madero, his father; Col. Guiseppe Garigaldi, and many minor officers who participated in the revolution.

The little "White House" on the banks of the muddy irrigation ditch near Juarez, where Madero had established his headquarters, presented a busy scene today. Wagons of documents pertaining to the business of the revolution were hauled to the train and messengers on horseback were kept galloping between officers headquarters to give final orders for the departures.

Senor Madero himself was greatly pleased with the prospects of reaching Mexico City. "It is, of course, the climax of the revolution," he said. "It seems our triumph is completed; we began our fight in the open field, we are marching in peace to the stronghold of those who were once our foes.

"No one six months ago would have believed that so great a change could come to the country. Then the country was divided between enemies. Now I trust all the hatred will be forgotten, for after all it was a hatred more fully of a social condition. As Mexicans we are all brothers.

"I trust tranquility will spread throughout the land."

Just before the time set for his leaving, Senor Madero heard of the looting of the city of Parral, an important mining center, near Jiminez. A band of rebels entered the place and took away $50,000 from the banks there.

On Madero's Special.

Alpine, Texas, June 2.—(On board Madero's special train)—The socialists, anarchists and filibusters in lower California, as Francisco I. Madero characterized them, occupied the attention of the former rebel chief today along the first stretch of his journey to Mexico City. He passed through here at 8:35 o'clock tonight.

Senor Madero has realized for some time that the chief obstacle to the restoration of tranquility will be the socialists under arms and when he received a message today from Ambrosio Figueroa, the rebel leader of Southern Mexico offering to lead 1,500 men in an expedition to Lower California, he telegraphed Figueroa that the matter would be decided after he reached Mexico City, but to hold the troops in readiness.

Figueroa in his message referred to the possibility that Lower California might became separated from Mexico through filibusters. Apprehension for the safety of Senor Madero on the way to Mexico City comes more from possible hostile acts of socialists than of any other faction.

Senor Madero was cheered by crowds of Mexicans and Americans as the train stopped at stations.

Plot to Kill Madero.

El Paso, Texas, June 2.—Soon after the departure of Francisco I. Madero, Jr., for Mexico City today, details were made known of an alleged attempt to dynamite him. The plot, according to insurrectos, was to have been carried out during the ball which Senor Madero attended in Juarez last night.

Senor Cruzrey, formerly jefe politico of Guadaloupe, whom Madero deposed, has been locked up in Juarez and placed in communicado. Insurrecto secret service men have been detailed to make other arrests.

When the plot was discovered enough dynamite was being carried into the ball room to blow up the building. About 500 persons, including Senor Madero and his wife, were the participants in, and spectators, a grand march about 11 o'clock, when a man was stopped at the entrance.

In the man's pocket was found a large tin can filled with dynamite and provided with a time fuse.

The Juarez police believe that the incident is only part of an elaborate conspiracy, formed by a political party opposed to Madero and that further developments may follow.

Juarez is now in charge of Gen. Jose de la Luz Blanco and 1,500 insurrectos.

Don't forget the Rural Building Loan Association opens new series today. **

VACCINATION FOR TYPHOID

North Carolina State Troops to Be Inoculated—Annual Report of Insurance Commissioner—Board of Agriculture.

(Special Star Correspondence.)

Raleigh, N. C., June 2.—Adjutant General Leinster, of the North Carolina National Guard has ordered from the War Department at Washington typhoid vaccination material for 1,000 men, with a view to vaccinating all the men of the North Carolina Guard who desire to have this new preventative treatment against this terrible fever.

This vaccination treatment has become quite general in the army and has proven its efficacy. A considerable part of this vaccination among the North Carolina Guards will be done during the encampment this Summer. However, material will be consigned to the various companies calling for it before the encampments.

Mr. C. H. Smith has just entered upon his duties as actuary to the State Department of Insurance to succeed R. B. Kolt, who went to Greensboro to be with the Security Life and Annuity Co. Mr. Smith comes from the North State Life Insurance Co., of Kinston.

The forthcoming annual report of Commissioner of Insurance Young for the fiscal year ending April 1st, will show that during the 12 years that the department has been established the total revenue to the State has been $2,237,256, having grown from $84,879 for 1899, the last year that the Department of State had charge of this phase of the State's interest. The report also shows that on the revenue of the department, had it remained with the Department of State under the old fee system would have been $171,785, this being the fees the Secretary of State would have derived from it—an average of $14,322 per year. This is considerably more than the cost per year of the insurance department.

The commissioner makes this statement in connection with his presentation of these financial figures in his report: "The commissioner has not undertaken to run the department for revenue. The commissioner and those who have had occasion to look into the matter are satisfied that more good is accomplished for the State and her citizens by a proper supervision of the business than by the collection of revenue; but it is of interest to note the amount of collections by the department and paid into the State Treasury each year since the formation of the department.

The State Board of Agriculture continued today the hearing of reports from heads of divisions in the department work and will scarcely get to any actual busines transactions before tomorrow forenoon. Then they will get busy and round up the work for adjournment tomorrow. Committees have marshalled the budget and other matters all ready for report and adoption so that little time need be consumed in discussion after the reports are all in.

CASTRO COMING IN DISGUISE.

Former Venezuelan President May Cause Trouble.

Havana, June 2.—The Cuba government is in receipt of what is believed to be authoritative information from Spain that Cipriano Castro, the exiled former president of Venezuela, sailed recently from Cadiz on the steamer Legaspi, which is due here tomorrow en route for Central and South American ports.

According to this information Castro is traveling incognito. It is believed also that he is carefully disguised, but it is unlikely that he can avoid detection by the Cuban officials who will board the Legaspi.

It is not known whether Castro desires to land in Hanava or whether the government would object to his so doing.

The conjecture here is that Castro does not desire to land at Havana, but will endeavor to conceal his identity while here and proceed on the Legaspi to some port adjacent to Venezuelan territory, probably Sabanilla, Colombia.

OUTLINES.

The refusal of Secretary of State Knox to produce certain records of the State Department for the House Committee on Expenditures caused a lively controversy yesterday. It is charged that a certain fund has been misappropriated——Judge Gary, of the United States Steel Corporation, before the investigating committee yesterday stated that the corporation backed up Pierpont Morgan in averting threatened financial upheaval in 1907.——Governor Woodrow Wilson, in his address to the South Carolina editors yesterday at Columbia, warned against the concentration of the nation's wealth in the hands of a few men.——A plot to kill Gen. Madero at the ball given upon his departure to Mexico City was frustrated, and resulted in the arrest of a man who had enough dynamite to blow up the building.——The condition of the cotton crop as given by the Department of Agriculture, was better than expected yesterday.——New York markets: Money on call steady 2 1-4 to 2 1-2 per cent., ruling rate 2 1-4, closing bid 2 3-8, offered at 2 1-2. Spot cotton closed quiet, 10 points lower, middling uplands 15.75, middling gulf 16.00. Flour steady. Wheat firm, No. 2 red 97 1-4 elevator and 98 1-4 f.o.b. afloat. corn easy, export No 2, 60 3-4 nominal f.o.b. afloat. Oats easy, standard white 42 1-2. Rosin quiet. Turpentine steady.

GARY SAYS STEEL PREVENTED PANIC

Declares Corporation Backed Morgan in Averting Serious 1907 Upheaval.

FAVORS GOVERNMENT CONTROL

Statement of Magnate Surprised Congressional Committee—Related Dramatic Story—Will Be Recalled to Stand.

Washington, June 2.—Elbert H. Gary, chairman of the United States Steel Corporation directorate, told the Stanley Steel Trust Investigating Committee today that his corporation stood behind J. Pierpont Morgan in averting a disastrous financial upheaval in 1907. He insisted, challenging the statements of John W. Gates before the committee that the purchase by the Steel Corporation of the Tennessee Coal & Iron Company at that time, was made at a price more than it was worth for the express purpose of preventing the crash of the New York banking firm of Moore & Schley.

Mr. Gary related a dramatic story of the momentous events which preceded the absorption of the Tennessee concern. He described in detail how he and Henry C. Frick, at the instance of Mr. Morgan, had revealed the plan of buying the company, at a price greater than its value, to President Roosevelt and Mr. Root, then Secretary of State.

He told how he had concluded after their interview with Mr. Roosevelt that any government prosecution of their act would have been an "outrage."

Mr. Gary made many surprising statements during his eight hours' examination, but none more startling than his declaration that government control and publicity of corporations in this country must come. He said that, through the American Iron and Steel Institute, the heads of the steel industry were trying to steer a course between the Sherman anti-trust law, which he characterized as "archaic," on the one hand, and the old-time methods of destructive competition on the order to operate for the public welfare.

Mr. Gary announced to the committee that he wanted everything known concerning the steel corporation and more than all he pleaded for some responsible government source to which such a necessary great corporation could appeal for guidance in the conduct of its business. He agreed to furnish the committee so much that it wishes to know that he will be recalled when it meets again next Wednesday. Others who have been summoned to appear are W. B. Dickson, of the Steel Corporation and John Lambert, of the Republic Iron & Steel Company.

Mr. Gary told the committee that enforced publicity and governmental control of corporations must come, even as to prices. He said he believed the Sherman anti-trust law was too archaic to deal with modern situations and never could fully prevent great combinations of capital. What the United States Steel Corporation wants, he said, is some official department to which it could go and say "what prices can we charge and just what can we do."

Telling in detail of the acquisition of the Tennessee Coal & Iron Company, Mr. Gary said several offers to sell had been made by people representing that company prior to the Fall of 1907 and finally Mr. Morgan told him that Grant B. Schley, managing director of the Tennesee company, was much in need of money to use at the bank, the firm of Moore and Schley.

"The business finally resulted," continued Mr. Gary, "in my accommodating Mr. Schley with a loan of $1,200,000 par value of U. S. Steel second bonds and taking from him an agreement to return those bonds, and I received as security for the fulfillment of that agreement $2,000,000 par value stock of the Tennessee Coal & Iron Company. The agreement provided that if the loan was not returned April 23, 1908, the ownership of $2,000,000 of Tennessee Company stock should remain in the control of the United States Steel Corporation."

Later Mr. Gary said, "Schley told Frick that he must sell the stock to keep him from bankruptcy. "I have heard since", Mr. Gary went on to say, "that Schley has made statements that he could have got through all right, but any one who heard him talk at that time would not have thought so. There I began to talk to Attorney Ledyard for the Tennessee company about the purchase of the stock at 90 and we finally agreed to it, subject to the objection that might possibly be made at Washington.

"I notice that Gates says in his testimony that when he got home from Europe he made them raise the price in the transaction. If he made that statement, it must have been Marconi because the whole transaction was closed before his arrival from Europe.

Of his conference with President Roosevelt Mr. Gary said: "I remember that Mr. Root said to the President that of course he had no right to

(Continued on Page Eight.)

WILSON POINTS OUT DANGERS

Warns Against Concentration of Nation's Wealth in Few Hands—Spoke to Editors—Puts It Up to Lawyers.

Columbia, S. C., June 2.—Governor Woodrow Wilson, of New Jersey, speaking tonight before the State convention of the South Carolina Press Association, pointed out the dangers of the concentration in a few hands of the nation's wealth. He warned the editors that their duty was not only to comment upon the workings of "the system with a capitar 'S' but also to reveal to the people what these activities were and what they signified." The lawyers of the country," he said, "are the men who must solve the difficulties, and I believe they will have sense enough to do so."

Governor Wilson said that the country is menaced by a wave of socialism unless some steps are taken to unlock the double bolted doors of opportunity.

LONDON SOCIAL FUNCTIONS.

Mark Approach of Coronation—Some Disappointment.

London, June 2.—Social functions, such as house parties ,dinners and balls, in connection with the coronation are becoming so numerous and engrossing that, combined with the unusually brilliant and hot weather, they are driving the people to seek outdoor recreation and the theatre managers who anticipated a harvest from the influx of visitors to London find themselves confronted with half-empty houses.

The coronation procession will be a splendid cavalcade over a mile long. The representatives of the foreign courts will not ride in the procession, but will be accommodated with seats on the stands aolng the route.

Lord and Lady Derby tonight gave a grand dinner and ball at Derby House. King George and Queen Mary attended the dinner, but on account of the mourning for Prince John of Denmark, left before the dancing commenced.

Crown Prince Gustav Adolph, of Sweden, and the crown princess arrived in London tonight for the coronation.

STATION AGENT MURDERED.

Found by Conductor With Bullet Through His Heart.

Cumberland, Md., June 2.—With a bullet through the heart the dead body of Harry L. O'Lewine, aged 40, station agent and operator at Lonaconing, on the George's creek and Cumberland railroad near here, was found on the floor of the station waiting room by Conductor J. B. Coulahan when his train stopped there at 4 o'clock this afternoon. The police were notified and a physician declared O'Lewine had been dead several hours. The coal stove in the waiting room was overturned and furniture in the telegraph office indicated there had been a struggle. Near O'Lewine lay his revolver and a pool a blood where it is thought he stood when first attacked. Two bullets were imbedded in the door leading into the office, indicating they had been fired from the platform of the station.

Officials are investigating a report that the station agent received an anonymous letter several days ago warning him to leave town within ten days. There is nothing to lead to the identity of the assailants.

WELLS GETS THE DECISION.

English Light-Weight Wins Over Leach Cross, in New York.

New York, June 2.—Matt Wells, the English light-weight champion, earned a popular decision over Leach Cross, the East Side dentist, at the Madison Athletic Club tonight. The bout went the full ten rounds, but eight of them were in Wells' favor.

In the ninth round Wells landed a hard left hook on Cross' chin, and a right to the jaw that caused the East Sider to stagger back away, with his head covered up to save himself. Wells however was low to avail himself of the advantage and missed his chance to deliver a knockout blow.

The punishment inflicted on Cross was more than he had ever received. Wells cut his opponent's lips and nearly closed both eyes. At the end of the bout, Wells was strong, while Cross was plainly in distress.

The men weighed in at 135 pounds each at 3 P. M. They boxed under Marquis of Queensberry rules, but with no hitting on the break-away.

LATE SENATOR A LESSEE.

Charge That Elkins Was Interested in Seal Killing Privilege.

Washington, June 2.—Charges that the late Senator Elkins, of West Virginia, had been one of the lessees of the government seal killing privileges in the Probilof Islands were made today by Henry Wellcott, of Cleveland, Ohio, before the House Committee on Expenditures in the Department of Commerce and Labor. Mr. Elliott charged that George W. Bowers, now head of the Federal Fish Commission, was appointed through Mr. Elkins' influence.

Commissioner Bowers answed Mr. Elliott by saying that although he became commissioner in 1898, his bureau had nothing to do with the sealing industry until a year later.

Tonight! Tonight!

Opening night at Lumina—Regular orchestra. **

CLOSE OF SCHOOLS A MARKED FEATURE

Scholarly Address Last Evening by Dr. Edward Mims, of the University.

THE AWARDING OF DIPLOMAS

Number of Distinctions Announced—Exercises at Hemenway Yesterday Morning—Promotions Next Year—Exhibits.

Under the most favorable auspices, the closing exercises of the High School were held in the Academy of Music last night, bringing to a close the commencement exercises of the Wilmington graded schools which have been in progress pretty much all the week. The finals at the Grammar schools were also held yesterday and the day before. The exercises last night were featured by a scholarly address by Dr. Edwin Mims, of the chair of English at the University of North Carolina, whose discourse was one of the ablest ever heard by those who composed the audience upon a similar occasion. It was indeed a rare treat and those who heard the scholarly visitor count themselves exceedingly fortunate.

The exercises of the evening, fraught with so much interest and pleasure for those who composed the large audience, began with a selection by the High School orchestra at 8:30 o'clock. It is a splendid orchestra and its selections during the week have added greatly to the pleasure of those attending the commencement exercises. This was followed by the introduction of the graduating class, members of which occupied seats on the stage. Besides members of the class, the following were were also upon the platform: Messrs. C. W. Worth, J. D. Bellamy, Jr., Jas. H. Chadbourn, W. E. Pardew, Mayor Joseph D. Smith, Rt. Rev. Robt. Strange, Rev. G. T. Adams, J. O. Carr, Esq., chairman County Board of Education; Messrs. D. J. Fergus and Chas. E. Taylor, Jr., members of the board; County Treasurer H. McL. Green, Prof. Washington Catlett, county superintendent of public instruction; Dr. Edwin Mims, the speaker of the evening; Rev. J. C. Wooten, Dr. J. W. Stanley, Dr. J. G. Murphy, Dr. Joseph Akerman, W. P. Stacy, Esq., Prof. H. S. Shaw, principal of the High School; Mr. John J. Blair, superintendent of the city schools; Dr. Geo. Stuart, Rev. N. H. D. Wilson, Mr. G. Herbert Smith, Mr. J. Allen Taylor, chairman joint school committee; Mr. John R. Fepper, of Memphis, Tenn.; Dr. James Cannon, head of the Waynesville Chautauqua.

After a fervent prayer by Rev. G. T. Adams, pastor of Fifth Street Methodist church, the speaker of the evening was most happily introduced by J. O. Carr, Esq., chairman of the County Board of Education, in one of his characteristically felicitious, but short addresses. He said that the historian has written that highways are but an index to civilization, the financier has said that the bank deposits are but indications of prosperity of the community, the educator has said that the school facilities are but indications of the future of the community; that if these things be true then Wilmington people should congratulate themselves to some extent without flattery. The three indications are present here, but the one in which the audience before him was most concerned, was the last named—education. The speaker said that it was a pleasure for him to state that the school authorities get great encouragement from the fact that whenever education is at stake the city stands as one man. This declaration was greeted by an outLurst of applause. The speaker then referred to what must be done in the future to keep the schools up to the present hight standard and remarked upon the fact that this time last year the people were then thinking seriously of the additional facilities needed at the High School, the result being the erection of the handsome annex which has been used since Christmas. Mr. Carr then presented the speaker of the evening, Dr. Mims, who was greeted with a salvo of applause.

He prefaced his address by remarking upon his pleasure at attending the commencement exercices of Hemenway school in the morning. He said that he said to himself as he looked into the faces of the pupils that there after all was the strongest argument for the public school system. His theme was "Higher Education" and it was indeed a magnificent discourse. Many pronounced it the best address of the kind ever heard. It was strictly able, clear, thoughtful, practical and couched in language that the youngest person present could well understand. He held the undivided attention of his auitors, who were not only entertained but instructed. A more earnest and convincing plea in behalf of higher education and a more powerful argument as to why it should be embraced by all who can possibly embrace it, could hardly be imagined. Dr. Mims said that three of the most represen-

Pittsburg, June 2.—The Philadelphia team today made its first appearance in Pittsburg this season and was defeated 7 to 1. The Philadelphias escaped a shut-out by getting two two-baggers in the ninth inning. The Pittsburg team fell on Humphries in the sixth inning, when nine men went to bat. The feature was the all around good work of Wagner, who shone particularly in the field, having 11 chances, nearly all of a difficult character.

Pittsburg .....100 105 00x—7 15 0
Philadelphia ....000 000 001—1 12 2

Adams and Simon; Humphries, Rowan, Chalmers and Dooin; time 1:40; umpires O'Day and Brennan.

St. Louis, June 2.—Brooklyn defeated St. Louis 3 to 1 today. Both pitchers were effective, but Barger had better control with men on bases. The locals' lone tally came in the fifth on three singles.

Brooklyn .....100 010 001—3 5 0
St. Louis .....000 010 000—1 8 1

Barger and Bergen; Steele and Bresnahan; time 1:41; umpires Klem and Emslie.

Chicago, June 2.—New York came from behind today and defeated Chicago 7 to 6. Cole allowed two passes and two hits in the fifth inning. Richie relieved him and forced in a run. Murray doubled and scored three more, and scored himself on Bridwell's second hit of the inning. Raymond's wildness was responsible for Chicago's early lead, Doyle doubling and clearing the bases in the first.

Chicago .....320 100 000—6 9 1
New York .....000 070 000—7 5 0

Cole and Richie and Kling; Raymond and Ames and Wilson; time 2:00; umpires Johnstone and Eason.

Cincinnati, June 2.—Boston had a batting rally in the ninth inning today and five hits and a base on balls netted them four runs, giving them a victory over Cincinnati 8 to 5. McQuillen was effective in all but the ninth inning.

Boston .....220 000 004—8 14 0
Cincinnati .....202 000 100—5 9 4

Mattern and Pfeffer and Raridan; Gaspar and McQuillen and Clarke; time 2:00; umpires Rigler and Finneran.

AMERICAN LEAGUE.

Results Yesterday.

At Washington, 14; Detroit, 7.
At Philadelphia, 5; Cleveland, 1 (7 innings).
At Boston, 8; Chicago, 13.
At New York, 6; St. Louis, 3.

Standing of the Clubs:

Club:	Won.	Lost.	P. C.
Detroit	33	12	.733
Philadelphia	25	16	.610
Chicago	31	17	.553
Boston	22	19	.537
New York	20	21	.488
Cleveland	18	26	.409
Washington	15	27	.357
St. Louis	14	30	.318

Boston, June 2.—Chicago hit the ball hard today and assisted by ragged fielding on the part of some of the locals, won easily 13 to 8.

Chicago .....221 401 000—13 10 6
Boston .....003 210 002— 8 17 0

Hall and Wood and Nunemaker; Olmstead and Lange and Payne; time 1:55; umpires O'Loughlin and Connolly.

Philadelphia, June 2.—After raising the world's championship pennant this afternoon Philadelphia defeated Cleveland in a game which was stopped at the end of the seventh inning by rain, 5 to 1.

Cleveland .....010 000 0—1 3 1
Philadelphia .....020 120 0—5 6 1

Kaler and Land; Plank and Thomas; time 1:30; umpires Sheridan and Lane.

Washington, June 2.—Detroit used four pitchers against Washington today in an unsuccessful effort to stop the hitting, Washington winning 14 to 7.

Washington ..216 010 04x—14 11 1
Detroit .... ..200 121 001— 7 9 2

Hughes and Ainsmith; Willett, Works, Covington, Mitchell and Stanage. Time 2:05. Umpires Dineen and Perrine.

New York, June 2.—New York again vanquished St. Louis today the score being 6 to 3. Nelson was the only visiting pitcher who was effective.

St. Louis .... ..000 001 020—3 9 4
New York .. ..101 101 02x—6 9 1

Hamilton, Nelson, Pelty and Clarke; Brockett, Fisher and Blair. Time 1:50. Umpires Evans and Mullin.

THE CITY LEAGUE.

Duls, of N. C. University, to Pitch for Brigade Opposed by Green.

For the games in the City League this afternoon, the W. L. I. and the Y. M. C. A. will have the first game commencing at 3 o'clock, but in this instance at least it is thought that the last game will be the more interesting, this between the strong A. C. L. aggregation and the Boys' Brigade team. Green will pitch for the Railroaders, and will be opposed by a new member of the Boys' Brigade team, Duls, late of the University of North Carolina team, who has just returned home from school. Duls made a phenomenal record for the University team the past season, resulting in the defeat of some of the University's most dreaded rivals among the other colleges throughout the South, and quite a large crowd will no doubt be attracted to League Park, especially for the latter game. It has been known that the only weakness of the Brigade team was their pitching staff, and with the acquisition of this college star, it must be a battle royal this afternoon if the Coast Line is to retain their position at the top of the percentage column. With the brilliant fielding that both teams can and will put up, this will probably develop early into a pitcher's battle, which makes the most interesting baseball game to be seen. The second game will start promptly at 5 o'clock.

GREAT INTEREST IN POLO.

Second Struggle Between American and English Teams Soon.

New York, June 2.—Interest in polo and particularly the outcome of the second struggle on Monday between the American and English teams for the international cup has increased considerably since yesterday's close match on the Meadowbrook polo field. The sporting fraternity, which only sees polo at odd times, has turned from other recreations temporarily and polo is king until the custody of the international cup is decided. Today was one of rest for both players and their little nags before Monday's contest, which is sure to be of a gruelling nature.

OUTFIELDER WALKER SOLD.

Spartanburg Player Bought By Washington Americans for $2,250.

Spartanburg, S. C., June 2.—Outfielder Clarence Walker, of Spartanburg club, of the Carolina Baseball Association, was sold today to the Washington Americans. The price was $2,250, the highest ever paid for a Carolina Association player. He will report June 15th.

U. C. T. AT GREENSBORO.

Business Sessions Yesterday—Place of Meeting—Mr. Schloss.

(Special Star Correspondence.)

Greensboro, N. C., June 2.—Greenville and Spartanburg are the principal contestants for the next annual session of the grand council of the Carolinas, United Commercial Travelers, now in session here. The meeting place for 1912 will be determined later. The business sessions of the gathering are being held today. The first meeting this morning was public and the address of welcome was made by Mayor T. J. Murphy and the response was by Mr. E. Van Shaack, of Columbia. The business sessions are being held in the Pythian hall and are secret. Tonight a reception will be held, tomorrow morning the annual parade will be held and tomorrow afternoon the great inter-State ball game to decide between the Carolinas for the championship will be played. This game will precede the league game between Winston-Salem and Grensboro.

Mr. S. A. Schloss, who is lessee of a number of theatres in this part of the country, has leased the Grand opera house for a period of five years at a rental of $1,650 annually, the commissioners yesterday afternoon ratifying the contract. Mr. Schloss promises an unusually attractive programme for the Winter.

NEGRO SAVED FROM MOB.

Had Planned to Drop Him in Front of Fast Train.

New York, June 2.—Patrolman Northrope, with a drawn revolver, saved tonight a negro whom a crowd of infuriated men were about to drop from the Walton avenue viaduct to the New York Central Railroad tracks, 60 feet below. The men waited for a train in whose path to hurl the negro, and this delay made rescue possible.

William Mitchell, the negro, was seized by the crowd when two young women appealed for aid, saying that a negro was following them. He was locked up after having fainted at the recollection of his experience, on a charge of disorderly conduct.

DAY AT CAMORRO TRIAL.

Alleged to Have Met a Cafe Following Double Murder.

Viterbo, Italy, June 2.—A waiter at the Cafe Fortunio, which is said to have been the headquarters of Enrico Alfano, the alleged head of the Camorra Society, and a porter at Alfano's stable, were called to the witness stand today to give testimony at the trial of the 36 Camorrists for the murders of Gennarro Cuoccolo and Signora Cuoccolo. The prosecution alleges that the murderers of Cuoccolo met at the Cafe Fortunio for the purpose of dividing the jewelry and government bonds which were stolen from the murdered man's apartments. The waiter denied that the Camorrists had met at the cafe.

Minneapolis, Minn., June 2.—The police tonight are making a diligent search for three men, who, according to J. D. Bren, cashier of the University of Minnesota, robbed him of $14,000 of University funds near the campus today. No arrests have been made.

Lumina Tonight.

Everybody going to the opening dance at Lumina tonight. **

LAURINBURG SCHOOLS.

Governor Kitchin Delivers Address—Court to Convene.

(Special Star Correspondence.)

Laurinburg, N. C., June 2.—The Laurinburg graded schools today closed the most successful year of their history. The graduating exercises began at 10 o'clock this morning after which the address to the class was delivered by Governor W. W. Kitchin. The Governor was at his best. His speech related chiefly to the need of trained men in matters agricultural, religious, commercial and governmental. For more than an hour he held his vast audience with his clear, thorough and logical manner of speaking. From 5 to 6 o'clock in the afternoon the citizens of Laurinburg gave a reception in honor of the Governor in the rooms of the Argle Club. He left Laurinburg at 7 o'clock for Columbia, S. C., where he will deliver another commencement address.

The June term of Scotland Superior Court, for the trial of criminal cases, will convene Monday. Judge M. H. Justice will preside. The case of interest will be that of Herbert Lane, a young white man, who is charged with highway robbery. Lane is charged with waylaying Mr. George F. Avinger, secretary and treasurer of the Scotland and Dickson cotton mills, and robbing him of nearly a thousand dollars. The crime was committed on Saturday while Mr. Avinger was on his way to the mills with money for the payrolls. The evidence will be largely circumstantial.

PRIZE FIGHTER WAS KILLED.

Louis Long Victim in Oregon—Shot Wife Also.

Bend, Ore., June 2.—Louis Long, of Oakland, Calif., a prize fighter, was shot and killed, and Mrs. R. Riley, of Portland, Ore., was severely wounded by the woman's husband today while endeavoring to escape from Riley in an automobile. Riley followed in another car, Long's machine broke down and the pursuing husband drove up and killed Long and then shot the woman. Riley surrendered to the sheriff.

Long has been fighting in Central Oregon for some time. He was in Portland a few months ago, and it is thought that Mrs. Riley went on a tour with him.

BOY HELD FOR RANSOM.

Kidnappers Want $10,000 From Wealthy Buffalo Grocer.

New York, June 2.—Police headquarters is investigating a report that kidnappers are holding the three-year-old son of Calogaro Buffa, a wealty grocer, for a ransom of $10,000. According to the child's elder brother he has been held for a month and his parents notified that unless the ransom were forthcoming the little fellow would be cut into fine bits and sent pickled in vinegar back to them.

Father and the mother decline to discuss the case beyond denying that the boy has been kidnapped. They insist he is in the country with relatives.

DAY OF AERO RACE.

No Competition Yesterday—Leaders Still at Rome.

Rome, June 2.—There was no competition today in the great heavier-than-air machine race from Paris to Turin. Andre Beaumont and Roland Garros, leaders in the race, did not attempt to start from Rome on the final stage of the flight to Turin. Frey the German entrant, who is broken down near Pisa, tinkered with his motor all day and hopes to be able to take the air in the morning. Vidart had mechanicians working on the broken wing of the aeroplane at Celcina, and also hopes to be able to resume the race Saturday.

BRIBERY IN TENNESSEE.

Man Accused of Offering Legislator $1,500 for His Vote.

Nashville, Tenn., June 2.—The Davidson county grand jury today returned an indictment against E. C. Goodpasture on a bribery charge. Representative J. Q. McDonald, of Overton county, a Republican, accused Goodpasture of offering him $1,500 before the Legislature met to vote with regular Democrats on organization and, to repeal the liquor manufacturers' law and the election law. The Tennessee Anti-Saloon League pressed the charge and Goodpasture was arrested.

Washington, D. C., June 2.—The bill to revise the wool schedule as reported to an approved committee by the Democratic caucus, was introduced in the House today by Mr. Underwood, and referred to the Ways and Means Committee. It is expected it will be reported when the House meets next Tuesday with the favorable recommendation of that commitee.

C. H. Fore & Co. are offering some great values in fine linen towels. **

Foley Kidney Pills

TONIC IN ACTION - QUICK IN RESULTS

Give prompt relief from BACKACHE, KIDNEY and BLADDER TROUBLE, RHEUMATISM, CONGESTION of the KIDNEYS, INFLAMMATION of the BLADDER and all annoying URINARY IRREGULARITIES. A positive boon to MIDDLE AGED and ELDERLY PEOPLE and for WOMEN.

Backache, Rheumatism, Nervousness.

Mean disordered kidneys, Foley Kidney Pills have helped your neighbors; they will also help you. Mrs. Mary Gerity, Scranton, Pa., says: "Some time ago I was troubled with a severe backache. I took Foley Kidney Pills and these cured me promptly. My backache was due to my kidneys which were in a weakened condition and annoyed me with their frequent and painful action. Foley Kidney Pills cured me promptly and I do not hesitate to recommend them." R. R. Bellamy.

INCREASE ON SOUTHERN.

General Advance in Pay of Many of Railway Employes.

Spencer, N. C., June 2.—The Federated trades at the various shops on the Southern Railway system, including Spencer, which is regarded as one of the largest points on the road, have been notified of a general increase in pay allowed by the Southern officials at Washington. The increase, it is understood, amounts to about 10 per cent. The machinists, boiler makers and blacksmiths will receive 38 cents per hour flat, effective April 1, 1911, and other trades a similar increase. The employes seem pleased with the rate asked for.

HEAT RECORDS BROKEN.

Throughout Southwest Yesterday—Intensely Hot at Pittsburg.

Kansas City, Mo., June 2.—Heat records for the year were broken throughout the Southwest today. The highest temperature was reached at Fittsburg, Kansas where it was 105. Locally the mercury climbed to 98 degrees. Other high marks were at Joplin and Topeka which were 97; Oklahoma City was 95, and Omaha 99.

There were several prostrations, but no fatalities during the day. A strong south wind which swept over Texas accompanied the hot wave.

SEVERE STORM IN FRANCE.

Did Considerable Damage at Paris—Officer Was Killed.

Paris, June 2.—A terrific thunderstorm which broke tonight did considerable damage here and in the provinces. At Grenoble a battery of artillery while maneuvering, was struck by lightning and an officer was killed and six men were injured. At Evreux a bolt set fire to the law courts building which was destroyed with all of its archives.

A Welcome Change

Smoke curling up from the farmhouse chimney as the men are coming in from the fields, gives a pretty suggestion of a good supper and a comfortable home. But it also means a hot, tired woman, working hard over a blazing fire.

Your wife can escape this with a New Perfection Oil Cook-stove.

A New Perfection keeps a kitchen many degrees cooler than any other range, yet it does all a coal or wood range can do. It saves time, labor and fuel. No wood to cut; no coal to carry; no ashes; no soot. With the New Perfection oven it is the best cooking device you can find anywhere.

New Perfection WICK BLUE FLAME Oil Cook-stove

Made with 1, 2 and 3 burners, with long, turquoise blue enameled chimneys. Handsomely finished throughout. The 2- and 3-burner stoves can be had with or without a cabinet top, which is fitted with drop shelves, towel racks, etc.

Dealers everywhere; or write for descriptive circular to the nearest agency of the

DAY'S DOINGS AT RALEIGH

New Y. M. C. A. Building—Two New Wilmington Enterprises—Agricultural Department—Chamber of Commerce.

(Special Star Correspondence.)

Raleigh N. C., June 2.—The first installment of one-third of the pledges made by citizens of Raleigh for the $75,000 Y. M. C. A. building became due June 1st and Treasurer Cary Durfey reports that the payments are being made with remarkable promptness. The building committee has not yet announced its selection of a location. Neither have they yet secured a secretary for the association that is to be formed.

A conference is in progress here between Adjutant General R. L. Leinster and Surgeon General S. Westray Battle, of Asheville, of the North Carolina National Guard, and Capt. Henry B. Thomason, head of the medical department of the National Guard division of the War Department. They are threshing out the details as to the possibility of increasing the strength of the medical division of the North Carolina Guard, especially the addition of a field hospital and ambulance division. The prospect is bright for the creation of such a division.

There were charters granted today for four new North Carolina enterprises. The Meier Marble and Granite Works (Inc.), Wilmington, has $25 000 capital authorized and subscribed by Frank Meier, C. Martin, M. B. Gore and others. The National Grocery Co., also of Wilmington, has $5,000 capital authorized and $1,000 subscribed by C. G. Long, B. Lumsden, J. C. Long. The S. & S. Salted In The Shell Peanut Co. Fayetteville, has $65,000 capital authorized and $12,000 subscribed by F. W. Smith, C. W. Sandrock, H. O. Pond and others and the Enterprise Fuel & Lumber Co., of Goldsboro, $25,000 capital authorized and $2 500 subscribed by Thomas O'Berry, B. F. Short and others.

It is estimated that there are 250,000 acres of land planted in tobacco this season in North Carolina. The planting has been belated by the lack of proper seasons for transplanting, but this was carried on by watering until the later rains provided for a general rounding up of the work of transplanting. The young transplanted plants are reported to be developing nicely.

State Commissioner of Agriculture Graham, reports to the State Board of Agriculture, in session here, that the soil survey work in co-operation with the United States Department of Agriculture, is being pushed steadily in this State and that the field workers are now well advanced with their examinations in Randolph and Johnston counties. Co-operation is also working well in the seed investigation which is proving especially valuable in the protection of planters and in enabling them to master the art of judging seed for planting.

In the campaign for the eradication of the cattle tick through co-operation of the State and the National Departments, much progress is being made with the counties of Franklin, Wake, Randolph, Stanley, Chatham and Anson as the latest to be relieved from quarantine and with seven field workers engaged in the counties to the east of these. Tobacco tests and demonstrations are also a valuable field for co-operation between the State and National divisions. Stations for experiments and demonstrations through such co-operation are located in Pitt, Granville and Rockingham counties.

The organization of the Raleigh Chamber of Commerce was effected last afternoon in a mass meeting of the business men of the city in the new municipal auditorium, work on which is so far advanced as to admit of this initial conference. Henry E. Litchford, cashier of the Citizens' National Bank, was elected president and J. A. Mills and Virgil J. Lee, vice-presidents. Col. Fred A. Olds was re-elected secretary to devote his entire time to the duties and to exploiting Raleigh. The membership of the re-organized Chamber of Commerce is considerably more than 500.

Counsel for Dr. H. P. McKnight, general manager of the North Carolina Traction Co., of Greensboro, have abandoned effort to get bail for their client and he has decided that he will go with officers to Greensboro, June 6th, for the hearing in the suit of arrest and bail before the clerk of the court on that date. The specific charge brought against him by Nowlin & Co., of Lynchburg, is that he ordered coal sent to Greensboro for the purpose of re-selling it at less than the market price and then failing to pay for it. The defense of McKnight will be that the coal in question was shipped to Greensboro by mistake of Nowlin & Co., shippers, when it should have gone to Rural Hall, and that it was found to be cheaper to close it out at Greensboro at a sacrifice than to have it re-shipped on short-haul rate.

Preparations are on foot for the rifle range meet here Tuesday, Wednesday and Thursday of next week by the company teams for each regiment that made the highest scores in the three recent regimental contests on the ranges at Raleigh, Goldsboro and Gastonia when Company B, Raleigh, Third Regiment, won the Dupont trophy. The teams to shoot against each other are to be from Company B, Raleigh, Third Regiment; Company K, Asheville, First Regiment, and Company L, Second Regiment, Lumber Bridge. There is the keenest sort of interest in the contest.

A special term of Superior Court has been ordered by Governor Kitchin for Chatham county to continue one week from July 10th, Judge Ferguson presiding.

Work Will Soon Start

after you take Dr. King's New Life Pills, and you'll quickly enjoy their fine results. Constipation and indigestion vanish and fine appetite returns. They regulate stomach, liver and bowels and impart new strength and energy to the whole system. Try them. Only 25c. at R. R. Bellamy's.

WELDON NEWS NOTES.

Students Getting Home from School —Movements of People.

(Special Star Correspondence.)

Weldon, N. C., June 2.—Ground was broken for the new $40,000 hotel for Weldon last week, and a large force of hands are busy on the foundation for the building. It will be a three-story structure, and will be equipped with every modern convenience.——Work is also being pushed on the new Union Station, which will be an ornament to the town.

Thomas Birdsong, who lives near here had the misfortune to lose his stables and several barrels of corn by fire this week. He saved his mules.

Mrs. W. W. Wiggins and daughter, Miss Katherine, are visiting relatives in Alabama.——Mrs. E. L. Hudson and grand-daughters, Misses Ida and Louise Haywood, are visiting relatives in Emporia, Va.

Miss Claude Umstead, who has been teaching at Weldon School the past session, has returned to her home in Durham.——Mr. W. E. Daniel spent Tuesday in Raleigh.——Mrs. T. C. Harrison is visiting relatives in Franklin county.——Miss Rita Renn, of Portsmouth, Va. who has been visiting Mrs. J. B. Zollicoffer, has returned home.——Misses Florence Allen Hart and Jeanette Musgrove, have returned home from the State Normal at Greensboro.——Mr. Thad R. Manning, of Henderson, was here last week.——Miss Louise Williams, who has been attending the Christian College at Wilson, has returned home.

Mr. Charles Daniels, who has been attending school at Fork Union, Va. has returned home.—— Miss Belle Stainback has returned home from Raleigh.——Miss Mercer Green has returned home from Converse College, at Spartanburg, S. C.——Mr. W. T. Shaw, Jr., has arrived home from the A. & M. College, at Raleigh.——Miss Pattie Carter has been spending a few days with Mr. and Mrs. C. E. Carter.

WHITEVILLE AFFAIRS.

Another Refreshing Rain—Patients in Hospital—Personal Notes.

(Special Star Correspondence.)

Whiteville, N. C., June 2.—Mr. W. H. Clayton, who has been running the Brown Hotel at Chadbourn, will give up the hotel the first of July and devote his time to looking after a large stock farm he owns in Brunswick county. He will move his family to Whiteville. Capt. Edwards will probably take charge of the hotel when Mr. Clayton retires.

Misses Fay, Maude and Annie Memory have returned from Meredith College and are receiving a warm welcome from their many friends. Miss Fay graduated, but the other young ladies will remain two more terms to complete their course.

There is no longer any question about having a stand of cotton, for we had a fine rain last night, and this morning everything looks brighter and more cheerful. Farmers had not lost hope until this week and when there were no signs of rain they began to despair. But everything is now hopeful. Crops are in fine condition to receive the rain, being free from grass, and work will now move right along. One of our successful farmers says the best crop year he ever saw in Columbus county, cotton did not come up until the 10th of June.

Mr. James Arnett, of East Arcadia, has bought what is known as the Hinson place in Whiteville, opposite Mr. J. L. Memory's, and will overhaul and improve the house, and rent same. He bought as an investment, having great faith in Whiteville dirt.

Mr. Josh Smith, who has been for some three weeks in the hospital in Wilmington, for treatment, returned home yesterday, much benefitted. He had an operation performed, and Mr. Smith says it was highly successful.

Mrs. Walter Smith is still in the hospital in Wilmington. Mr. Smith went yesterday to bring her home, but it was decided that it would not be well to move her just yet.

CAROLINIANS MAKE CLAIM.

Were Elected to Congress But Not Permitted to Take Seats.

(Special Star Correspondence.)

Washington, June 2.—Representa- Small has introduced bills appropriating money to be paid to the legal representatives of Hon. Jesse R. Stubbs, of Williamston, and Col. T. C. Fuller, of Raleigh, who were elected to Congress from North Carolina in the latter part of 1865 to serve as representatives in the 39th Congress, but who were not permitted to do so. Henry W. Stubbs, of Williamston, is in the city, and he, with Messrs. Small and S. A. Ashe, have been investigating the records and looking into the law bearing on the case.

These men, Messrs. Stubbs and Fuller, were elected at a special election called by Governor Holden. But the State was denied representation here altogether.

Messrs. Small and Ashe think the claims represented in the Small bills are valid. The Supreme Court says that the Confederate States were never out of the Union. These men were duly elected.

No one need buy an automobile on the money to be collected on these claims, but the unexpected may happen. H. E. C. BRYANT.

OIL INSPECTION.

Will be No Branch Office Here—Inspectors Appointed.

(Special Star Telegram.)

Raleigh, N. C., June 2.—The State Board of Agriculture has decided not to establish a branch oil chemist's office in Wilmington for the analysis of the illuminating oils that come into the State through the Wilmington port, but to continue all analytical work in the laboratory in Raleigh and keep five inspectors in the field for next year. Those elected are C. C. Robeson, Morehead City; J. D. Austin, Maxton; J. W. Thompson, Pittsboro; J. H. Watson, Graham; W. G. Hall, Wilkesboro.

WEDDED AT WASHINGTON.

Miss Hannah B. Shaw Becomes Bride of Mr. Barnes.

(Special Star Correspondence.)

Washington, N. C., June 2.—A very beautiful and impressive Spring wedding was solemnized in the First Presbyterian Church of this city yesterday morning when Miss Hannah Bonner Shaw become the bride of Mr. R. A. G. Barnes, of this city. The church was filled with friends and acquaintances, all eager to witness the joining of the two young lives. A very attractive musical programme was rendered by Mrs. Frank C. Kugler at the organ, previous to the entrance of the bridal party. The guests of honor, Misses Celia Bridgeman, May Styron, Ella Maillison, Annie Cox, Jennie Cox, Lottie Bonner, Minta Bonner, Janie Roberts and Mrs. Paul Sparrow, entered and were shown seats of honor reserved for them. Then to the strains of Lohengrin's wedding march the bridal party entered as follows: First the ushers, Mr. H. H. MacLean and L. Y. Shaw, who passed up the aisles, assuming their respective places near the pulpit. Following them were the bridesmaids, Misses Mary E. Thomas and Helen Shaw, wearing white batiste dresses, with white hats and gloves and carrying pink sweet peas. The dame of honor, Mrs. Chas. Lawrence, entered alone. She wore a creation of white embroidered marquisette with black hat and gloves and carried pink sweet peas. The bride entered leaning on the arm of her maid of honor and sister, Miss Mary Shaw. She was handsomely gowned in a dark blue suit with hat and gloves to match, and carried a bouquet of sweet peas. Her maid of honor wore white batiste with white hat and gloves and carried white sweet peas. Arriving at the altar the bride was met by the groom and his best man, Mr. F. W. Cox, and together they stood before Rev. H. B. Searight and took the solemn vows making them man and wife. During the ceremony the soft strains of Schubert's serenade was played by Mrs. Kugler. Immediately after the ceremony and to the strains of Mendelssohn's wedding march and the merry peal of wedding bells the bridal party left the church and went to the A. C. L. depot leaving on the morning train for a wedding tour North.

"RED" LOPEZ WAS KILLED.

Rebel Who "Sold Out" to American Interests Shot to Death.

Cananea, Sonora, June 2.—"Red" Lopez, ordered imprisoned by Francisco I. Madero, Jr., on the charge that he had "sold out" to American interests while in command of a section of the insurrecto garrison at Agua Prieta, has been put to death. Lopez was being conveyed here to serve an eight year sentence imposed by a court martial when the guards of Arthur (red) Lopez, arrived at Cananea, they delivered his ceraphe and sombrero to Gen. Lomioli. "He tried to escape," reported the guards who were taking him to prison.

Lopez's mother visited Gen. Lomioli yesterday and asked: "Where is my son?"

"Here is your son," the general replied, as he handed the serape and sombrero to the aged woman.

VISIBLE SUPPLY OF COTTON.

Hester's Statement Shows 2,985,217 Bales—Staple Now Afloat.

New Orleans, June 2.—Secretary Hester's statement of the world's visible supply of cotton issued today shows the total visible to be 2,985,217 bales against 3,117,579 last week and 2,993,453 last year. Of this the total of American cotton is 1,810,217 bales against 1,934,579 last week and 1,839,453 last year, and of all other kinds, including Egypt, Brazil, India, etc., 1,175,000 bales against 1,183,000 last week and 1,154,000 last year.

Of the world's visible supply of cotton there is now afloat and held in Great Britain and continental Europe 1,799,000 bales against 1,486,000 last year; in Egypt 128,000 against 93,000 last year; in India 602,000 against 733,000 last year, and in the United States 458,000 against 681,000 last year.

$3.50 Recipe for Weak Kidneys, Free

Relieves Urinary and Kidney Troubles, Backache, Straining, Swelling, Etc.

Stops Pain in the Bladder, Kidneys and Back.

Wouldnt it be nice within a week or so to begin to say goodbye forever to the scalding, dribbling, straining, or too frequent passage of urine; the forehead and the back-of-the-head aches; the growing muscle weakness; spots before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness and the despondency?

I have a recipe for these troubles that you can depend on, and if you want to make a quick recovery, you ought to write and get a copy of it. Many a doctor would charge you $3.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: "Dr. A. E. Robinson, K-1351 Luck Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure, harmless remedies, but it has great healing and pain-conquering power.

It will quickly show its power once you use it, so I think you had better see what it is without delay. I will send you a copy free—you can use it and cure yourself at home.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Saturday, June 3, 1911.

After all, it's not where a man is born but what becomes of him after he is born and gets in the push.

Atlanta wants a commission government. Atlanta is determined that Wilmington shall not get ahead of her.

To a cantankerous Republican or a rantankerous rapscallion the grand father clause looks like grandfather claws.

When a politician gets himself in a hole it taxes his genius to dig himself out of a situation that has few exits.

The "scholar in politics" seems to speak by the book. He must have stolen a while off to make a study of political silence—not politics as she is.

Col. Henry Watterson, of the Louisville Courier-Journal, who is just back from Europe, says we ought to sell the Philippines to some other nation. Wouldn't it be a good idea to take a fancy to some other nation and make it a Christmas present?

Show us a county's good roads and we can tell what the land is worth. Show us a county that has no good reads and without seeing the kind of cows it's people have, we will draw you a picture that will look just like the best cow they have.

There seems to be popular concurrence in the dissenting opinions of Justice Harlan. It would not be surprising to see a movement to have the anti-trust law amended in accordance with his views of it. At the same time the Government will prosecute trusts according to the majority decision which will not make it at all necessary to build any more penitentiaries to accommodate predatory monopolists.

The Asheville Citizen is feeling good over its growth and editorially refers to the gratifying increase of its circulation. The fact is, the Citizen is getting nothing more than is coming to it, for it is furnishing Asheville and Western North Carolina a clean and most excellent newspaper, while Editor Caine signally contributes to its merits and success by furnishing an editorial page that is notable on account of the scholarly, able and keen work of the presiding genius in its sanctum.

Says the Charleston Post: "If people are sick and tired of hearing about anything, it is about the dispensady situation." The Post thus laments because of new disclosures of scandal connected with the 'great moral institution." Socialism is badenough by itself but our South Carolina friends have learned the sad lesson that liquor and socialism won't mix at all. South Carolinians have had a woeful experience with the system which made the State a wholesale liquor dealer and made municipalities and counties keepers of grogshops. The spectacle was disgusting but the experience is revolting.

If Southern newspapers hanker after slurring Senator Davis, of Arkansas, they should quit calling him "Jeff Davis." His name is Jeffries Davis, and his Republican enemies consider that they can fasten more opprobrium on him by dubbing him "Jeff Davis." Southern editors unwittingly put their foot in it by following suit with an insolent adaptation, for one would hate to think a Southern writer would like to assume its originality. Let the scribes slur Jeffries Davis all they are a mind to and also kick themselves for standing for a whole lot of men who cannot afford to hand any lemons to the Arkansas Senator.

WET-NURSING INDUSTRIES.

Get industries and get all you can. Invite industries and stick to them after the invitation has been accepted. Manufacturing industries are all right but they can go all wrong if they are allowed to shift for themselves. Encouraging industries should be the aim of a city as much so as getting them.

It is "perfectly all right" to induce promoters of industries to locate in Wilmington, and when we give them the glad hand we should keep right on doing it. When we invite a captain of industry to "come in because the water's fine" we should stay in with him until he acknowledges he has a cinch. Inviting industries is not the whole thing, but encouraging manufacturing establishments after a city gets them amounts to more than the invitation.

Encouraging industries involves the doing of a whole lot of things on the part of the citizens of a town in order to enable them to be successful and to make the promoters gain in satisfaction with their location. A satisfied manufacturer means more manufacturers in the long run, for a satisfied investor can talk mighty loud. A disappointed or disgruntled one can knock like thunder.

Keep the glad hand going all the time but while that is all right it isn't really encouraging industries. Encouraging industries is handing in some orders with the glad hand and helping to throw patronage in the way of the manufacturer. Always speak a good word for home enterprises and endeavor to influence some business in their behalf. Get it for Wilmington. If you are in the same line yourself, either as a manufacturer or a jobber, and you can't fill the order yourself turn it over to the other fellow—for Wilmington. Patronizing home enterprises and coming to their aid when they get in a tight place is encouraging home industries.

Wilmington is endeavoring to become an industrial city—a manufacturing centre—and President Corbett, of the Chamber of Commerce, has announced that as his leading policy. It is a good one, and the boosters endorse it and are backing up the Chamber's new president. They want to invite manufactories and get industries, and that is what we are in business to do, but we have got another thought coming to us, and that is to look out for our present industries while we are getting new ones.

We can make Wilmington a more important industrial centre by encouraging the industries already established in our midst. "A bird in the hand is worth two in the bush." Let the people of Wilmington find out what their established industries are, and ascertain what their products are. If they manufacture what we want as individuals or can handle as retailers or jobbers, always give the home factory the preference. Do we do that all the time? If we don't do it, we should adopt a new rule at once and begin doing it now.

We can encourage Wilmington's industries by knowing them, so we can patronize them ourselves or tell somebody else all about them. Put others on to it. When we know our industries right we will study their possibilities and learn their needs. Many of them may be made more successful by our patronage or by financial assistance at times. Many an industry or enterprise has failed when it was on the eve of success, but we may loose it because of lack of capital to win ultimate success for it.

Let us find out what our most promising industries are and if they can be enlarged see that they can get the capital. Induce the promoters to increase the capital stock and subscribe for the stock. We have no doubt several Wilmington enterprises could be built up on a larger scale by an increase of their capital stock, and if we cannot furnish the capital ourselves, we can advertise such interests and get the capital from somewhere else. There should be no trouble in selling stock in an established industry that has a greater future before it. Building up the industries we already have will go a long ways towards making Wilmington an industrial city. We must add that to our get-factories crusade. It is just as important to keep factories as to get them.

If any industry in Wilmington needs capital or can be made a bigger success by enlarging the plant or pushing into new territory, let those interested in it ring the bell. Nobody will know what you are doing, what you want to do or what you need, if you don't sing out loud.

SAVING THE PARTY.

Colonel Bryan acts just like he didn't know this is a Billion Dollar Country. At any rate, that is what Republican Congresses have been appropriating to run the country, although they failed to give us a tariff that would furnish the revenue and leave a surplus in the treasury. This will continue to be a billion dollar country unless the Democrats get the complete control and considerably cut down expenses.

However, Colonel Bryan fails to appreciate the conditions which confront the Democratic House, or else he wouldn't drop off in Washington every now and then to dictate to the Democratic leaders. Nobody objects to suggestions, but he tried a few days ago to control legislation by influencing the Democratic caucus to insurge against the programme of Speaker Clark, Chairman Underwood and the Democratic House leaders, with reference to the proposed bill involving the tariff on wool.

The Colonel demanded that all the tariff be taken from wool and wanted the caucus to sit down on the Clark-Underwood programme to reduce the woolen tariff now and try some more reduction later. The Nebraskan talked like he was mad and made such ugly remarks that he had the House Democrats worried—especially Clark and Underwood, who are looking out for the nation as well as the party. However, the caucus on Thursday night unanimously decided that Clark and Underwood are on their job and better posted than the Colonel.

Even if the Democrats are able to reduce expenses so that National expenses will come under the billion dollar mark, it must be plain to every body but the colonel that the Democratic House will have to see that the revenues amount to at least $800,000,000 to $900,000,000. That is the condition they confront, and it has worried them about where they could get the money if they would lop off all the $21,000,000 which the country has been collecting at the custom houses on raw wool. Col. Bryan didn't have to worry about that, and probably didn't care, as he isn't much of a financier anyway. Not so with Col. Underwood, who, knowing that the country would need probably a billion dollars, asked this very pertinent question of Col. Bryan: "Where is the country going to get the money?"

That settles the whole question, and if Col. Bryan would ask himself that question and a few others before he makes propositions he would act differently and convince the country that he is a practical man instead of a man of theories. He never thought to tell Col. Underwood where he could pick up the $21,000,000 that would be lost to the revenues by putting wool on the free list.

The Democratic party is to be congratulated that the Democratic leaders in Washington are constructive statesmen and know what to do when theories bob up. Col. Bryan could easily play smash with promising Democratic chances, if he could pull the caucus around, but fortunately a few statesmen are on the job at Washington. They know more about what to do for the country and the party than any outsiders who never stop to think financing is the main thing in any proposition.

The Democratic House is saving the party.

NAMING NEWSPAPERS.

The Raeford Facts and Figures has evoluted into the Hoke County Journal, and Editor Pool has retired, shifting the editorial management and conduct of the paper upon the shoulders of Mr. Fred P. Johnson. The paper and its new editor have the best wishes of the Star, but Editor Johnson will wish after a while that he had named his paper the Raeford Journal, for Raeford is a postoffice and Hoke county is not.

People at a distance do not know where the Ohio State Journal is published, but they know where the Cincinati Commercial can be addressed. It is a mistake not to name a paper for the town where it is published, for it is easier to identify it, easier to find its place of publication in the postoffice and newspaper directories, and, even so, contemporaries will always be crediting extracts to the Raeford Journal instead of the Hoke County Journal.

We have been itching a long time to say this, for once we had to change the name of a paper so people would know how to reach it through the mails. People at home know but people away from home were put to their strumps. We've been up against it, but, anyhow, Hoke county is one of the finest in eastern North Carolina and the Hoke County Journal will do great work for it under the management of Editor Johnson.

Between the June bride, the sweet girl graduate and the Summer girl, old Atlas is no doubt content to go right on carrying the world on his shoulders.

Says the Columbia State: "An Illinois girl has slept continuously for six weeks. But of course, she talks in her sleep." Probably she prefers a long nap than help mother.

CURRENT COMMENT.

It would be the easiest thing in the world for some of those Eastern counties to have better roads than they are now putting up with.—Durham Herald.

If this California idea of charging tourists transportation at pound rates should show any disposition to spread, it sure will bump up into a Presidential veto.—Washington Post.

Virgina has furnished seven Presidents for eleven terms; Ohio, six Presidents and eight terms. Ohio or Virginia will furnish the next President, although Ohio has two chances to Virginia's one. President Taft is certain to be renominated. He will be opposed by Judson Harmon or Woodrow Wilson. It is not recalled that the leading candidates for the Presidency ever have been citizens of the same State. Candidates from Ohio and Virginia have never been opposed in the same campaign.—Petersburg Index-Appeal.

"Worthwhile Wilmington" is the way the Star speaks of that city. The Star's slogan is all right. "Worthwhile Wilmington" and Going Greensboro, the two commission government cities of North Carolina.—Greensboro Telegram.

Messrs. Rhodes, Everett and Kirkwood, prominent farmers and business men, of Bennettsville, were in town Friday in the interest of a fertilizer plant at Raeford. Several farmers and merchants of this place are interested, and it is thought probable that such a business will be in operation by next season.—Raeford Journal.

Behold him, then, standing in painful contraposition to the present chief executive of the United States, whom the lion killer classes among the "false apostles of peace." Shaking his red rag before the yawping gaze of holiday swains, the "hero" of San Juan hill doth dilate upon the infamy of what he calls "unrighteous peace." Out of the seething mass of verbiage there appears the evident desire of Colonel Theodore to wade through slaughter to a throne, while a few hundred miles away President Taft was pleading for that honorable peace which will forever end the horrors of international strife.—Asheville Citizen.

A horse hitched to a water wagon broke loose and, like many a man who has displayed a similar lack of horse sense, got into a terrible hole; in fact, a manhole. The manhole is at 12th street and Fourth avenue, around and above which roars and rattles daily a tremendous volume of wagon and surface car traffic, and only a few feet beneath which rumbles a steady stream of subway trains. For five hours that traffic roared and rattled and rumbled around and over and under the unwise horse before gangs of workmen from half a dozen different city departments succeeded in extricating him with much difficulty and tearing up of the street, and landing him on the street beside his water wagon. His return to the paths of virtue was cheered and applauded by thousands of moral persons, who clogged the street for several blocks behind a closely line-up string of police reserves.—New York Tribune.

New Orleans, June 2.—The plant of the Record Oil Refining Company, at Chalmette, 12 miles from New Orleans, was partially destroyed by fire this afternoon when a bolt of lightning struck a tank of crude oil. Two tanks containing approximately 1,000,000 gallons of oil and a warehouse, were destroyed. The damage is estimated at $150,000.

TERRIBLE TRAIN OF SYMPTOMS

Followed in the Wake of the Trouble Which Overtook Mrs. Fournier of Lake Charles.

Lake Charles, La.—"I was so sick as a result of womanly trouble that I thought I would die," writes Mrs. E. Fournier, of 516 Kirby street, this city. "I used to suffer every month and no doctor could relieve me.

"The month before I took Cardui I could hardly walk, and could not wear my corset.

"I had backache, headache, pain in my legs, chills, fainting spells, sick stomach, dragging feelings, and no patience or courage.

"Since taking Cardui I feel like a different woman. I have no more pain, can walk as far as I want and feel good all the time.

"I advise all sick ladies to try Cardui, the woman's tonic."

You can buy many medicines and tonics, for men's and women's ills, but only in Cardui can you get the benefit of the combination herb medicines, peculiar to Cardui alone.

The principal herb ingredients having been found of remarkable efficacy for women's ills, are now grown abroad, especially for us, and used by us exclusively, in the preparation of Cardui, which every druggist sells.

Try Cardui.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for special instructions, and 64-page book "Home Treatment for Women," sent in plain wrapper, on request.

Not All Well Dressed Men are Gentlemen

GUARANTEED Kirschbaum Clothes. ALL WOOL HAND TAILORED

But most gentlemen are well dressed. The clothes you wear have a remarkable influence in determining how your fellow men "size you up."

If you wear Kirschbaum Clothes you have the assurance that you are dressed right, that the garment fits you, are styled correctly, are handsomely tailored, and made out of absolutely all wool cloth.

Ask to see the Kirschbaum "True Blue" special serge at $18.00. A fine twilled, soft-feeling fabric, woven two-ply work and filling. The greatest serge suit value in America for the money. A new suit for any that fades. Ask to see the Blue Serge Suit at $12.50; equal in workmanship and an awfully good serge. Come in and let us show you.

Also fine line of Straw Hats and Crawford and James Men's Shoes.

Remember, we close Friday at 1 o'clock and have special bargains for Friday morning.

Best Mason Fruit Jars; pints, quarts and half gallons.

The Firm that Pays Your Car Fare

MACOMBER'S DITCH.

"Observer" Calls Attention to One Danger of the Drain.

Editor Star, Wilmington, N. C.

Dear Sir:—Yesterday afternoon, my wife was on a car coming from the beach, and as the car passed Macomber's Ditch, she observed a crowd of children playing on the bank of the ditch, and one of them dipping water out of it with a tin cup and drinking it.

If this practice is being followed, it would not be surprising if typhoid fever prevailed in our community, and certainly some means should be devised to stop it.

It is, of course, very hard to impress upon children the danger of drinking water from places of this kind, and it therefore seems that the only remedy is to cover the place up.

I simply call this to your attention in the hope that it may impress the authorities with the importance of doing something in this direction.

Yours very truly,
"OBSERVER."

SAGE AND SULPHUR CURES DANDRUFF

Restores Faded and Gray Hair to Natural Color—Itching Scalp Quickly Stopped.

This applies to Wyeth's Sage and Sulphur Hair Remedy, for if it does not do exactly what is claimed for it, the sales would naturally drop off. However, Wyeth's Sage and Sulphur Hair Remedy does "make good," as evidenced by its daily increasing sales. Druggists say that this preparation gives the best satisfaction of any hair remedy ever sold. Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It removes dandruff, strengthens the hair, gives new life to dull or parched hair, and gradually restores gray hair to natural color.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

CAPE FEAR ACADEMY CLOSES

Thirty-Eighth Session Came to End Yesterday Morning — Presentation of Certificates and Address.

With simple but pleasing and impressive exercises, the 38th session of the Cape Fear Academy, of which Prof. Washington Catlett is the beloved principal, came to a close yesterday morning. The exercises were held in the school room at No. 117 Orange street. The past year has been one of the most successful in the history of the institution. The enrollment was large and splendid work was done by all the pupils.

The principal made a short address to the pupils yesterday morning, after which certificates of distinction were awarded to those whose names appear below in the order of excellence:

First class—Henry H. McKoy, R. C. DeRosset, Jr. Hargrove Bellamy, Wm. Wylie, Franklin Sidbury, William Rosenmann, Harry H. Watters, Dwight Wylie.

Second class—A. J. Marshall, Jr., and Roderick McI. Houston.

Intermediate—Julius Herbst, J. Lowenstein, S. W. Sanders Jr.

Introductory—John H. Mintz, Jr.

The following pupils deserve special mention for promptness, attendance and conduct: Wm. Wylie received no demerits during the session. Those who were never late are: Hargrove Bellamy, Wm. Rosenmann, R. C. DeRosset, Jr., H. H. Watters, Dwight Wylie, A. J. Marshall Jr., S. W. Sanders, Jr., Franklin Sidbury. The latter has been perfect in attendance and S. W. Sanders, Jr., has been absent but one day.

After the closing exercises of the school were concluded, the pupils were tendered by the principal a farewell reception. It was a delightfully informal affair and was most heartily enjoyed. The host served ice cream and cake which was a very delightful feature.

BIG DAMAGES SOUGHT.

Action of Lizzie Hankins vs. A. C. L. Involves Large Amount.

While the complaint has not been filed, it is understood that damages in the sum of $20,000 for fatal injuries will be sought in the case of Lizzie Hankins, colored, administratrix of William Gilmore, deceased, against the Atlantic Coast Line Railroad Company, which was instituted Thursday by counsel for the plaintiff, L. Clayton Grant, Esq. It will be alleged that William Gilmore lost his life on May 5th at a point between Fremont and Pikeville as the result of an explosion on the locomotive on which he was fireman. The complaint will set out that the negro was blown over the coal on the tender, being thrown between the tender and the first box car, the latter passing over one of his feet. In this condition he is said to have crawled out from under the train and lived for two hours. Gilmore was married only about six weeks before he was killed and was only 23 years old. The plaintiff in the action is his mother-in-law.

KENNEDY TRIAL TODAY.

Near-Beer Dealer to be Tried on the Charge of Selling Whiskey.

Ralph Kennedy, who has been conducting a near-beer business at corner of Water and Princess, will be given hearing in the Recorder's court this morning on the charge of selling whiskey in violation of the prohibition law, having been arrested some days ago. The trial will be before a jury, the defendant having made a request for a jury when the case was called a few days ago. At that time the Recorder intimated that he would give a jury in all the whiskey cases where a request for one is made by the defendant. There are two more whiskey cases to be tried Monday before a jury, one being against a white man, John Bradshaw, and the other against a negro, Thomas Mask Jones. There was no session of the Recorder's court yesterday, the lone case on the docket for trial being continued until today.

Excursion From Charlotte.

Yesterday's Charlotte Observer says: "The annual excursion of Pritchard Memorial Baptist Sunday School to Wilmington will leave Charlotte on the morning of Wednesday, June 28th. The train will arrive in Wilmington that afternoon, the party spending the remainder of Wednesday and all of Thursday at the beach. Returning the train will leave Friday morning about 9 o'clock. The prospects for a large crowd are bright and therefore two extra cars have been secured. There will be one reserved-seat car and one for the Sunday School. Special hotel rates have been secured."

Plans for School Building.

The following is from yesterday's Rockingham Post: "The sub-committee of the town school commissioners met today and Mr. H. E. Bonitz, an architect from Wilmington, was with them. He is authorized to submit plans for four rooms in front of the present building and an auditorium above, the whole to have an imposing front and not to cost over $10,000. His plans will be submitted to the committee very soon, when they will arrange for the money by bond issue or otherwise. This will greatly add to the beauty of the town, and is a stop in the right direction."

Annual Meeting in Greensboro.

Many friends and contributors in Wilmington will be interested to know that the annual meeting of the North Carolina Children's Home Society will be held at Greensboro at 8 P. M. Thursday, June 8th. All contributors and friends of the cause are invited to be present.

A Dreadful Wound

from a knife, gun, tin can, rusty nail, fireworks, or of any other nature, demands prompt treatment with Bucklen's Arnica Salve to prevent blood poison or gangrene. It's the quickest, surest healer for all such wounds as also for Burns, Boils, Sores, Skin Eruptions, Eczema, Chapped Hands, Corns or Piles, 25c. at R. R. Bellamy's.

CLOSE OF SCHOOLS A MARKED FEATURE

(Continued from Page One.)

tative and most popular members of the Senior class at Chapel Hill this year were Wilmington boys who will never be a reflection upon higher education, and this was greeted with applause. There was also great applause when the speaker mentioned the name of Woodrow Wilson, Governor of New Jersey. Dr. Mims spoke in part as follows:

"It is a distinct pleasure to take part in the commencement exercises of your High School and to share with you your interest in this important event of your city's life. After all there is no institution around which the affection and interest of a community can so center as a progressive public school system. Any one who has any part in the furtherance of the schools of this city is to be congratulated. Some one has defined a city as a partnership in all matters of public interest. Every institution or organization or movement that calls us out of ourselves and concentrates our attention upon the public good is a source of inspiration to all of us. A community spirit that expresses itself in definite effort toward beautification and sanitation or in the intellectual development of the entire people is one of the great needs in the present era of Southern progress. For reasons quite well known to most of you we have not paid sufficient attention to community interest and community welfare. Henry Grady was almost the first statesman of the South to strike the note of community development, and the progressive city of Atlanta is the monument of his patriotism and disinterested service.

"I shall take for granted that the general policy of a well equipped public school system is already established in this city, although you need to realize that there must be constant progress in making more efficient and more modern every department of school work. What I wish to emphasize especially this evening is the fact that education is a constant progress, that the test of any grade is the number of students that are sent to the succeeding grade, that the test of the elementary school is the number of boys and girls who take high school work and the test of the high school is the number of those who go to colleges and universities for academic and professional training. There is a pathos in the great number of people who have been arrested in their intellectual and spiritual development. If possible I would arouse in the members of this graduating class and their fellow students and in the community of Wilmington as a whole a more intense belief in the training of men and women for the high tasks that await them in this constructive era of our National life. I would have boys and girls feel that the best advantages that the modern world has brought about are within their reach, and I would have this community believe so thoroughly in these advantages and privileges that public opinion will make it impossible for the students who graduate from this school not to have these advantages.

"There are many reasons why people do not favor higher education. Poverty is the plea advanced by many, but there are few boys and girls who with proper ambition might not get the best advantages and there are few parents who cannot make sufficient sacrifice for their children. Some of the most heroic incidents that I know are the struggles of young men and women and of their parents for education, and the results justify the struggle. Some times it is objected that so many great men have been without education, but we must realize that men of genius have a way of educating themselves, while most of us must be trained in the way that the ages have established as most conducive to intellectual progress the graduates of colleges and universities are some times the worst commentary on higher education. I have known many serious minded people who doubted the need of education because of the failures of college men. The same objection, however, would militate against the church itself, for no church would consent to be judged by all its members. In spite of all that may be said on this point we are forced to admit that the general average of life is distinctly raised by an increasing number of well educated and well trained citizens.

"If we have a large enough conception of life we must admit that no sacrifice, however great, no effort, however difficult, should prevent us from accepting every possible opportunity that leads to a larger conception of life and a wider field of usefulness. The characteristic of an educated man will convince us of the necessity for the best education. He is a man of trained mind. In our modern world as never before there is a demand for the experts, the specialist. No amount of inspiration or enthusiasm can take the place of a disciplined mind, ready to forge the anchors of the mind as well as to spin the gossamers of the thought. The power of concentration, of alertness, of logical thought, of clear statement is to be coveted by any man. Education removes the limitations due to prejudice and leads to opened mindedness and breadth of view and catholicty of judgment. It is amazing how men let prejudices limit their conceptions of men and movements and truth. An American is prejudiced against Germany, a Southerner against New England, and thereby may miss some of the most essential elements of character and achievement. Some men are prejudiced against poetry or music or art, or a great man like Cromwell, or period of history like the middle ages.

"One of the ultimate results of a college education is to furnish us with a knowledge of the past that we may thereby understand better the age in which we live. Phillip Prooks defines history as the biography of man; and to know this history, whether in the form of biography, history, or literature is not only a great inspiration but a source of insight and power and efficiency. We are constantly repeating the blunders of past ages. Russia may fail to see the tremendous significance of the French Revolution and thus herself pass through a stage of revolution and anarchy. There is no lesson that stands out so prominent in the study of the past than that in every age there are two distinct tendencies—one radical and the other conservative—and that the truth lies between the two extremes. The well trained mind that has seen this truth exemplified in so many striking incidents of the past has a key to the interpretation of the problems of his own age that no one can estimate. The really interesting and significant problem in America today is industrialism and the question is whether we shall take the middle ground between a blind and stolid conservatism and violent anarchy and Socialism.

"Another characteristic of the educated man is his ability to discriminate between types of men and movements. If the Northern could have seen the difference between the impulsive Toombs and calm Lee, if the Southern could have distinguished between the abolitionist and the broad minded, sympathetic Lincoln there need not have been a Civil war. Today we need to distinguish between superstition and faith, sentimentalism and sentiment, Christian Scientist and Atheistic Scientist, rabid labor leaders and reasonable leaders, selfish capitalists and domineering pirates.

These and other results of higher education that we might consider are the ideal of all men and women who are interested in our institution of learning. For men thoroughly equipped with these characteristics the South of today offers opportunities of leadership and of usefulness that cannot be estimated. Southerners who went away to other sections in former days are returning to their native land. Men and women of all sections are more interested in us and our welfare than ever before. Southern men are declining inviting positions elsewhere because they see the promise and potentiality of their own section. Surely ye of the younger generation will not fail to see the fields white unto the harvest. Not in any sectional sense, but for reasons quite obvious to all of us, we may look forward in the next 25 years to an era of tremendous growth. To have any part in the work of the present is a privilege to be cherished by all of us. If you are to be the slaves of a legendary virtue carved upon your fathers' graves, if you are to be untrained to meet the demands of a modern age, if you are to be dominated by the forces that are re-actionary, the South does not need you. But if you are to take full advantage of all the privileges afforded by the present-day, if you know how to understand the great forces that are shaping a fine civilization, the South and the Nation call you with an imperious summons to put forth all the best effort of which you are capable."

Dr. Mims concluded his excellent address amid a shower of applause. He was warmly congratulated by several upon the stage at the conclusion.

Diplomas Presented.

The diplomas of the class of 22—the same number as the class of '10—were presented by Mr. J. Allen Taylor, chairman of the joint committee, who made a very pleasing short talk in which he referred to the work of the schools of the city and then made a short talk to the class. He stated that the class had gone through the entire course of the city schools, both the Grammar and High Schools. Sixteen of the number will continue their studies in college, five going to the University of North Carolina. The High School, he said, was to a man of small means a college for his children unless they should put forth a great effort and make sacrifices for the higher education. Addressing the class Mr. Taylor spoke of the splendid class day exercises held on the campus Thursday afternoon; that the school authorities believe the class the best which has ever left the institution because it has been the aim and purpose to increase the standard from year to year. Members of the class then stood and as their names were called went forward and received their diplomas, amid the applause of the audience. The members of the class are given below, all receiving their diplomas last night except Miss Eva Norman Parmele, who was not present on account of a death in the family. The class follows: Misses Oceana Cavanaugh, Marguerite Louise Duls, Mary Elizabeth Houston, Margaret Eliza Jordan, Ella Edelweiss King, Edna Lillian Myers, Charlotte Green O'Neill, Eva Norman Parmele, Margaret Pleasants, Isabelle Williams Shaw, Katherine Louise Meredith, Lucie Erambert Skinner, Annie Evelyn Taylor, Gladys Brownrigg Taylor, Lelia Edna Woodcock, Mary Worth, Messrs. Avon Blue, Jr., Leighton Lee Boone, Richard Willard Cantwell, Hiram Kershaw King, William Leonard Merriman and Lewis Jacob Stein, Jr.

Amy Morris Bradley Medal.

The Amy Morris Bradley scholarship medal, awarded to the girl or boy receiving the greatest average, was next presented by Miss Laura Barbara Weill, a member of the class of '05. The lady whose name the medal bears founded what is now the High School and for 20 years labored in this institution, and the medal is given, first, because it is a reminder of her at this time of the season, and second, because it is most suitable as her field labor was in the school room. It was with great pleasure that Miss Weill announced that the seventh Amy Morris Bradley scholarship medal had been won by Miss Isabelle Williams Shaw, to whom it was presented.

University Scholarship.

Mr. Hiram Kershaw King, president of the class, was the winner of the scholarship at the University of North Carolina, attaining the highest average among the male members of the class. The speech of presentation was made by John D. Bellamy, Jr., Esq., a member of the city school committee, and who ever stands for progress in matters educational. He made a very appropriate short talk and in presenting the scholarship to Mr. King reminded him of its significance and endeavored to impress upon him his opportunity, concluding with the statement that he felt sure he would stand four years from now at the head of the Senior Class of the University as he stood at the head of the High School class.

Junior Order Prizes.

W. P. Stacy, Esq., member of the

(Continued on Page Eight.)

HEARING TO DECIDE ROUTE

Citizens Will Endeavor to Show Board of Engineers that Route of Inland Waterway Should be by Wilmington.

Of much interest and far-reaching importance to this city and section will be the hearing before the board of officers of the intra-coastal survey in the rooms of the Chamber of Commerce Saturday, June 10th, at 12 o'clock, when the business men of Wilmington will be given an opportunity to present any reasons they may have why the route of the intra-coastal waterway should be by Wilmington instead of following the coast, that is, by Carolina Beach to the Cape Fear river, as seems now to be favored by the board.

The hearing will be public and all those interested are invited to be present and will be heard by the board if they have anything to say on the matter. The board is composed of Col. Dan C. Kingman, of Savannah, Ga.; chairman; Capt. Earl I. Brown, Wilmington; Capt. Geo. R. Spaulding, Jacksonville, Fla.; Capt. E. M. Adams, Charleston, S. C. It will be recalled that some time ago it was stated in the Star upon information obtained from a reliable source, that the engineers were favorable to what is known as the sound route, which is by Wrightsville Beach, then across to the Cape Fear river, entering this stream at a point almost opposite Carolina Beach. It is said that the engineers are favorable to this route because it is cheaper and they believe will serve all the purposes of the waterway. Wilmington business men are of the opinion that the route should be by Wilmington and in order to place their views before the engineers, asked for a hearing. Among those interested in calling for the hearing is Mr. James H. Chadbourn, president of the North Carolina Waterways Association.

NEAR-BEER DEALERS.

Thirty-Three Secure Licenses From County—20 in City.

Thirty-three near-beer dealers in New Hanover county have secured licenses from the county to do business during the month of June. Not all of this number do business in Wilmington, there being a number in other parts of the county. The number in the county outside of Wilmington is the same as during the past fiscal year. The following are those who have secured license from the county, and who do business in Wilmington unless otherwise stated: W. B. Crumpler, A. W. Murrell, M. H. Croom, Seashore Hotel Co., Wrightsville Beach; John W. Capps, Carolina Beach; M. L. Starkey, E. L. Starkey, J. T. Newman, J. R. Kennedy & Co., J. C. Welch, Geo. R. Smith, Harnett township; E. A. Todd, O. E. Merritt, S. G. Long, J. O. Grimes, Harnett township; H. Mack Godwin, H. E. Truelove, Gieschen Bros., E. M. Cheek, F. W. Ortmann, M. H. Kelly & Co., Jurgen Haar, Bennett & Rhodes, in the county; Eiler & Shipp, on Castle Haynes road; East Wilmington Grocery Co., East Wilmington; W. H. Sneeden, Harnett township; R. L. Wiggins, Federal Point; D. K. Futch & Co., Wrightsboro; J. F. Mason and Chas Rogers in the county; Ocean View Co., Wrightsville Beach.

In addition to those given in yesterday's paper the following secured license from the city yesterday for the month of June: M. H. Croom, W. B. Crumpler, T. C. Rhodes and A. H. Murrell.

IN MEMORIAM.

On a bright and peaceful morning just a few days before we expected to shake hands with a friend whom we all loved and was always glad to see, came the sad news of a sudden death. Who could it have been to have cast a greater gloom o'er the community than the one to whom we sacredly refer, to Leroy Lee Dooley,?

Ray was a good boy, a manly boy, a fearless boy, and his popularity in his home town was evidence of this fact, only a few years on the road had he served, but his friends were many and as we humbly bow in submission to the sacred will of an all-knowing and an all-wise God, we feel so deep the pain of final separation forever as far as the earth is concerned and this is alone a hard task to do a hard cross to bear.

We realize so vividly the truth of the scriptures in those words, "Oh, Grave where is thy victory, Oh, death where is thy sting." The sting of death is felt everywhere, it is universal, it is certain. Still, how much more it grieves us to say goodbye to a young man who has all of life to live, and who had prepared himself for the future and was looking into a boundless future of success much different to the vagabond, and the tramp.

He stood out as an example of what a boy can do if he has the will and grit; we admire, we adore, we praise such a boy, and though we are to mourn his loss we believe he is safe at rest. He believed in his church, and in his mother, and we confess that those two traits alone were an index to a greater and nobler life.

Roy was only 23 years old and was born at Phoenix, N. C. He was always loved for his lively ways and jolly words. His father later moved from Phoenix and after traveling quite a good deal he located at Wilmington where he now resides. Roy was for a long time connected with the Tidewater Power Co., in the gas department, and was very popular with the management. He was a member of St. Thomas' Catholic church and was also a member of the Knights of Columbus.

We are crushed to have the pain to bear, still it is our lot, and we should go forward to do our best and never turn back to do an act that would prevent us an entrance to the throne and be re-united as friend, with friend in heaven. A FRIEND.

GAY LUMINA OPEN.

Daily Concerts at Favorite Resort With Regular Dances Weekly.

Today will witness the formal opening of Lumina, Wrightsville Beach, to the thousands of visitors at this famous resort each year. The full orchestra has reported for the season and beginning this afternoon and evening there will be concerts twice daily and the usual mid-week and week-end dances, which have been a source of so much pleasure to the young people in the past. Today will also witness the inauguration of the full Summer schedule on the suburban line of the Tidewater Power Co., and there will be no trouble in reaching or returning from the beach at almost any half-hour from early morning until midnight. A large crowd is expected at the dance tonight and every arrangement has been made to care for the crowds. Both hotels and nearly all the cottages at the beach are now occupied and the week-end arrivals today are expected to give the resort a mid-Summer appearance. The season this year promises to be one of the most successful in the history of the resort.

Wins Fight for Life.

It was a long and bloody battle for life that was waged by James B. Mershon, of Newark, N. J., of which he writes: "I had lost much blood from lung hemorrhages, and was very weak and run-down. For eight months I was unable to work. Death seemed close on my heels, when I began, three weeks ago, to use Dr. King's New Discovery. But it has helped me greatly. It is doing all that you claim." For weak, sore lungs, obstinate coughs, stubborn colds, hoarseness, la grippe, asthma, hay-fever or any throat or lung trouble it is supreme. 50c. and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

MR. M. O. ALEXANDER HERE.

New Assistant Secretary of Y. M. C. A. Enters Upon His Work.

Mr. M. O. Alexander, who was recently elected assistant secretary of the Wilmington Y. M. C. A., has arrived and entered upon his work, having been given a most cordial welcome by members and friends of the Association. He comes with the highest recommendations as a man and as a Y. M. C. A. worker of the progressive type. While Mr. Alexander will keep in close touch with all departments of the work, he will be in special charge of the membership and will be a valuable aide to General Secretary Huntington. He will shortly outline plans for increasing the membership of the Association and increasing interest in this branch of the work. Although the Summer season is on, it will be the purpose to make the Y. M. C. A. always attractive to the membership and the attendance thus far has been above the average. The swimming pool and gymnasium continue to be popular features of the work.

SEVERAL REALTY DEALS.

Wright's Real Estate Agency Closed Several Transfers Yesterday.

Through Wright's Real Estate Agency several property deals of more or less interest were handled yesterday. Mr. Chas. N. Evans purchased of Col. John VanB. Metts, for $7,000, the residence and lot 60x150 feet in size, on Market between Ninth and Tenth streets, and Mrs. E. Hutaff sold to Col. Metts, for $3,000, property on Eighth, between Princess and Chestnut streets. Still another transfer was from Mr. Chas. N. Evans and wife to Miss Eunice Currie, for $1,000 and other considerations, residence and lot in Carolina Heights, north side of Princess between 17th and 18th streets.

WANT NEW INDUSTRY.

Chamber of Commerce Hears Mr. Simpson's Proposition.

With Mr. E. C. Holt, the chairman, presiding, there was an important meeting yesterday afternoon of the Manufacturers' Committee of the Chamber of Commerce, at which those present listened with interest to a proposition from Mr. George A. Simpson, representing certain northern manufacturing interests, which may establish here a new and promising industry, the nature and character of which were fully outlined to those present and with which members of the committe appeared to be much impressed. Mr. Simpson went into the plans in detail and received the undivided attention of those assembled. After a discussion of the proposed new industry and the proposition for bringing about its establishment here, Chairman Holt instructed Secretary McCleachy to make an investigation of the interests represented by Mr. Simpson and report to a subsequent meeting of the committee to be held next Tuesday.

A Charming Woman

is one who is lovely in face, form, mind and temper. But its hard for a woman to be charming without health. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion and perfect health. Try them. 50c. at R. R. Bellamy's.

SOCIAL & PERSONAL

Mrs. Lyman Delano left yesterday for Boston, where she will spend the Summer.

* * *

Mr. Fred Poisson arrived yesterday from the A. & M. College and will spend the holidays at home.

* * *

Mr. and Mrs. R. C. DeRosset and family moved yesterday to Greenville Sound for the Summer months.

* * *

Mr. and Mrs. W. C. Petty, of Charlotte, are the first to register at the Oceanic Hotel, Wrightsville Beach.

* * *

Miss Louise Wise has returned from Dobbs Ferry, N. Y., where she has been in school during the past season.

* * *

Miss Lucy Poisson, who has been attending commencement exercises at the University, has returned to the city.

* * *

Mrs. C. H. Bornemann left this week for Charleston, S. C., where she will spend several weeks with friends and relatives.

* * *

Mrs. Annie M. Hoke, of Lincolnton, N. C., arrived yesterday to visit her daughter, Mrs. John Hall, at Wrightsville Beach.

* * *

Bishop Joseph B. Cheshire, of Raleigh, is visiting Capt. Haywood Clark at his attractive residence, No. 621 Dock street.

* * *

Miss Annie Worth returned last evening from Chapel Hill where she attended the exercises of commencement at the University.

* * *

The following are among the guests at the Seashore Hotel, Wrightsville Beach: Mrs. W. M. Williams, Miss L. W. Williams and Master E. B. Jones, of New York; Mrs. L. A. Ottinger and Miss Ottinger, of Florida; Mr. Dave Tuch, Cincinnati; Mr. Warren H. Booker, Raleigh; Mr. J. S. Byrd, of Hartsville, S. C.; Mr. J. Frank West, of St. Louis; Mr. H. B. Philips, of Suffolk, Va.

* * *

Friends of Mr. Harry P. West will be interested to know that he has resigned his position as bookkeeper in the office of the Eureka Pressing Club and will leave Monday for New York where he has taken a position in a real estate office. His many friends, while regretting his departure from the city, will wish him unbounded success in his new field.

* * *

Announcements reading as follows are received by friends in Wilmington:

Mrs. Joseph Thomas McCraw
announces the marriage of her
daughter
Ella Wiggins
to
Mr. Joseph Bunn Ramsey
on Thursday, the first day of June
nineteen hundred and eleven
Wilson, North Carolina.

* * *

Many Wilmington friends of Mr. Theodore Kingsbury will regret to know that he leaves this evening for Atlanta, Ga., where he will again join the telegraphic forces of the Southern office of the Associated Press, having resigned his position with the Atlantic Coast Line in this city. He is one of the brightest young men in the Associated Press service and will have a comfortable and responsible berth with the A. P. in the Atlanta offices.

* * *

Friends are asked not to forget the celebration of the anniversary of the beloved Jefferson Davis, president of the Southern Confederacy, by Cape Fear Chapter, United Daughters of the Confederacy, at the Wilmington Light Infantry armory this afternoon, beginning at 5:30 o'clock. Crosses of Honor will be bestowed upon those entitled to them and there will be a pleasing programme of exercises including piano solo by Miss Julia Post, violin solo by Miss Gwendolyn LeMassena, a reading by Mrs. M. L. Stover and vocal solos by Mrs. E. K. Bryan and Miss Lillie Post.

* * *

Yesterday's Florence Times: "Miss Minnie Viola Boone, of Palmetto, and Mr. James E. Smith, of Wilmington, N. C., were united in the holy bonds of matrimony at the First Methodist Church at Timmonsville yesterday afternoon at 4:30 o'clock. The bride is the youngest daughter of Mrs. Mary Boone and has many friends here, who will be surprised to hear of her wedding. The groom is a popular young man from North Carolina. The happy couple left on the evening train for the home of the bride's mother where refreshments were served. They have the best wishes of a host of friends.

* * *

Many Wilmington friends will read with interest the following from the Charlotte Observer: "Mr. and Mrs. W. R. Taliaferro, Jr., entertained a number of guests at dinner at their home on East Vance street last night in honor of Miss Sarah Phifer Jones and Mr. Hugh Alexander Morson, who will be married early in October. The engagement was first formally announced last night, though friends of Miss Jones and Mr. Morson had known of it for some time. Last evening's dinner was a charming affair and beautifully appointed. In addition to the honorees those present were Miss Stuart Jones, Miss Lula Taliaferro, Miss Adelaide Orr, Mr. and Mrs. C. C. Coddington, Messrs. Phil McMahon, Dolph M. Young, Frank M. Caldwell, John A. Tate and Hamilton C. Jones. Interest is felt not only here but elsewhere in the State in the approaching alliance of two of the most popular young people in the State. Miss Jones is the daughter of Mrs. Simmons Baker Jones, and is accomplished, attractive and versatile. She is widely acquainted and is highly admired for her qualities of charm and mental gifts. Mr. Morson is a native of Raleigh but has lived in Charlotte for the past four years. This period has been sufficient to win the esteem and warm friendship of scores of friends. When a student at college he was quite widely known as a star football player. Later for several years he was connected with the Seaboard Air Line Railway in Raleigh. He is now secretary and insurance manager of the Charlotte Trust and Realty Company."

JURY HUNG UP OVER NIGHT

Deliberated for Eight Hours Without Reaching Verdict in Case Against Waccamaw Lumber Co.—Other Cases.

After deliberating for eight hours without being able to reach an agreement, the Superior Court jury which had in hearing the case of J. S. Brock against the Waccamaw Lumber Company, an action for $1,999, alleged damages for personal injuries, retired at 11 o'clock last night for the night and will probably continue their deliberations bright and early this morning. The case was given to the jury at 3 o'clock in the afternoon.

The testimony in the case was heard Thursday, leaving nothing to be done yesterday except argument of counsel. Robt. Ruark, Esq., and Thos. W. Davis, Esq., counsel for the defendant company, and Hon. John D. Bellamy, for the plaintiff, spoke yesterday morning, and in the afternoon Joseph W. Little, Esq., made the concluding argument for the plaintiff.

The next case taken up was that of Louise G. Wright against the City of Wilmington, only a point of law being involved, and the question will be decided by Judge Peebles. An action was brought some years ago for rock purchased by the city and there was a contention between the heirs of J. W. Monk and Mrs. Louise G. Wright as to the ownership of the land upon which the rock was secured by the city. It was agreed that the city was due a certain amount, something over $4,000, for the rock and the money was paid into the court. It was divided by agreement among heirs of Monk and Mrs. Wright. The city having had the money in hand several years awaiting settlement of the ownership of the land and the present action is for interest on the money during this period, four or five years. The question now is whether or not the city is liable for the interest, the principle having been accepted. Rountree & Carr appear for the plaintiff and ex-Judge E. K. Bryan represents the city. The matter was taken under advisement by Judge Peebles.

LOCAL DOTS.

—The Coco-Cola Bottling Works will close every Friday at 1 P. M. during the Summer months.

—Owing to illness in the neighborhood the fire alarm bell in the tower at the central fire station has been out of commission.

—During the month of May the police made 117 arrests against 141 for the month of April, a decrease of 23 for the first month of the new regime.

—The schooner John H. May, Capt. Stille, cleared yesterday with cargo of 330,000 feet of lumber for New York. The cargo is by Messrs. Horsey & Mills and the vessel is by C. D. Maffitt.

—Snap beans sold on the New York market yesterday at $4 per basket, which is considered a splendid price, though the crop around Wilmington has been cut off considerably by the drought.

PERSONAL PARAGRAPHS.

—Mr. Harry M. Solomon, one this year's graduates at the University of North Carolina, has returned home from Chapel Hill and will spend the Summer at the beach.

—Messrs. Harry Solomon, Ferd. Duls, W. M. Parsley and Emmet Bellamy have arrived in the city from Chapel Hill, where they have been attending the University of North Carolina.

REAL ESTATE TRANSFERS.

Number of Deeds Filed for Record at Court House Yesterday.

Deeds were filed for record yesterday as follows:

Hugh MacRae and wife to Geo. O. Gaylord, for $10 and other considerations, lot on west side of Wood, 132 feet north of Fanning, 66x330 feet in size.

F. W. Dick, trustee, to T. J. Pae, for $10 and other considerations, lot 8 in block A, Wrightsville Beach extension.

D. R. Foster and wife to Emily Edna Toomer, for $10 and other considerations, lot on west side of 14th, 165 feet north of Church street, 33x165 feet in size.

Chas. N. Evans and wife to Eunice Currie, for $1,000 and other considerations, lot at Carolina Heights, same being on north side of Princess, 66 feet west of 18th street, 66x165 feet in size; this being the property purchased by Mr. Evans from Mr. Thos. P. Hammer on May 15th, the deed for which was also filed for record yesterday.

Elisa Hutaff to J. VanB. Metts, for $100 and other considerations, lot on west side of Eighth, 165 feet north of Princess street, 55x66 feet in size.

BROTHERHOOD BIBLE CLASS.

Informal Reception Last Evening at First Presbyterian Church.

Members of the Brotherhood Bible Class of the First Presbyterian Church were delightfully entertained last evening in the anniversary hall at an informal reception which was well attended and quite enthusiastic. There were pleasing musical selections by an orchestra composed of Mr. J. E. Willson, cornet; Mr. W. A. Martin, flute; Mr. Cameron F. MacRae, violin, and Miss Willson, piano. A number of interesting short talks were made by Dr. Wells, the pastor, Mr. Robert Scott, Mr. John French and others of the class. During the evening dainty and seasonable refreshments were served and an evening of rare pleasure was spent by all in attendance.

..Theatrical..

At the Bijou.

Today rolls around another week-finale in the history of the popular Bijou. It will be the climax of another week of great triumph for the attractive theatre on Front street, between Chesnut and Grace, and the week's finish will be a hot one for merit, but a delightfully cool one for comfort, of course, because the Bijou is almost like an icicle in the Summer time, there being the largest and freest kind of ventilation and many electric fans furnishing a great abundance of breeze. Today's bill is going to be witnessed by the usual gigantic audiences, and there is going to be something choice presented today. The list of films is the best yet offered, and there will be something to really deliciously please every taste. The dramatic films will be of stirring type, while the comedy pictures will be perfect screams. The musical part for today is also going to be large and merry. The musical features are growing to be decidedly magnetic at the Bijou.

Grand Theatre.

Never in the history of motion pictures has there been such a programme as the one presented by the management of the Grand last night. The big house was packed from early until a late hour, and all those who were fortunate enough to be among the crowd certainly saw a great show. However, the management is always on the alert for novelties and today offers another whopping bill of pictures, songs and music by the great orchestra, and the weather permitting, the house will no doubt do a land office business. Mr. Baldwin will sing a new illustrated song that will please Grand patrons, the title being "Take Me To a Picture Show." The illustrations are novel and the song is one of the most popular of the day. Besides the songs and pictures, which will include three of the very latest reels, there will be another programme of good music by the dandy Grand orchestra. The doors open at 2 o'clock. Go where the crowds go and get cool, and see a real show.

PROMINENT METHODISTS HERE.

In Wilmington in Interest of Great Assembly at Waynesville, N. C.

In the city yesterday and last night were Evangelist George Stuart, of Sweetwater, Tenn., Mr. John R. Pepper, a prominent banker of Memphis, Tenn., and Dr. James Cannon, of Richmond, Va., leading members of the General Conference of the Methodist Church, South. They arrived yesterday morning and spent the day in the city in the interest of the movement recently started for the great Methodist Assembly at Waynesville, N. C., for which a thousand acres of land were recently purchased and upon which it is proposed to spend half a million dollars. The gentlemen arrived from Raleigh and Goldsboro and spent the day conferring with prominent churchmen in this city, and will leave this morning for Newbern, continuing their campaign in this State.

The visitors were entertained last evening at an informal luncheon at 6 o'clock at the Y. M. C. A., when Wilmington Methodists readily subscribed $5,000 to the stock of the company which is to be formed of Methodists to finance the enterprise. Rev. J. C. Wooten, pastor of Grace Church, introduced the distinguished guests to the assembly and many Wilmington Methodists had the pleasure of meeting the visitors for the first time. It was a pleasure for Wilmington Methodists to entertain them for their brief sojourn in the city and to assist in the commendable movement in which they are engaged. Last night they attended the exercises of the commencement of the Wilmington High School and had the pleasure of hearing the scholarly address of Dr. Edwin Mims, recently of the chair of English in Trinity College.

SUNDAY SERVICES.

Announcement by Wilmington Pastors For Services Tomorrow.

Immanuel Presbyterian—Preaching at 11 A. M. and 7:45 P. M. by the pastor, Rev. J. S. Crowley. Sunday School at 3:30 P. M.

Bank Declined Deposits.

Some comment having been made about the Southern National Bank not receiving any of the city funds for deposit, while all the other banks of the city were given their pro rata share, Capt. Thos. D. Meares, the City Clerk and Treasurer, was asked yesterday why this institution was not given a portion of the funds. He replied that the Southern National declined to make a bid for any of the money on an interest basis, as this institution does not pay interest on any of its deposits.

Don't forget the Rural Building Loan Association opens new series today. **

Don't Miss It.

The opening dance at Lumina tonight—regular orchestra. **

GOING ABROAD.

To those contemplating a foreign trip we suggest the convenience of THIS BANK for Foreign Money Order System.

The holding of these orders not only insures ready money at all times, but gives the traveler a standing in foreign cities at all times.

The fees are mere trifles.

DEATH OF NOBLE WOMAN.

Miss Eva Parmele Passed Away Yesterday Afternoon—Funeral Today.

Hundreds of friends throughout the city were shocked and saddened to learn of the death of Miss Eva Parmele, which occurred at the James Walker Memorial Hospital at 3 o'clock yesterday afternoon. Miss Parmele had been an invalid for some years, but there was no decided change in her condition until last Friday, when she grew suddenly worse. A few days ago she was taken to the hospital, but continued to sink until the end came peacefully at the hour mentioned. In her death Wilmington loses one of its noblest women. She possessed a sweet disposition and a most lovable character, endearing herself to all within the circle of her acquaintance. Although a great sufferer for several years of rheumatism, she was ever endeavoring to do something for others. For 15 years she was superintendent of the Chinese class of Grace Methodist Church and did a most noble work in this capacity. She was a consistent member of Grace Church for many years, and the church mourns her passing.

Miss Parmele is survived by her mother, one brother, Mr. Edgar Parmele, several nieces and nephews, these being Mrs. Guy Caldwell, of Montgomery, Ala.; Mr. Ben Parmele, of Montgomery; Mr. Chas. Parmele, of this city, and Miss Eva Parmele, also of this city.

The funeral services will be held from the late residence, No. 316 North Third street, at 5 o'clock this afternoon, conducted by Rev. J. C. Wooten, pastor of Grace Methodist Church, and the interment will be in Oakdale cemetery.

Don't forget the Rural Building Loan Association opens new series today. **

Bath towels 10c. to 50c. at C. H. Fore & Co. **

DR. McCLURE AT HOME.

Attended Presbyterian Assembly and Visited at Indianapolis.

Rev. A. D. McClure, D. D., pastor of St. Andrew's Presbyterian Church, has returned home from the Presbyterian Assembly at Louisville, Ky., and a visit to his brother, Mr. R. G. McClure, at Indianapolis, Ind., where he spent several days.

Dr. McClure has been away from the city several weeks and reports a most interesting and profitable meeting of the Assembly, which was in progress for several days with a large attendance. While in Louisville Dr. McClure preached at Highland Presbyterian church, where he was formerly pastor and was most pleasantly greeted by his hosts of friends there. He was accompanied by Mrs. McClure, who visited friends in Kentucky during the Assembly. Dr. McClure will preach at his church at both services tomorrow.

TO STOP PANAMA GAMBLING.

Matter Discussed at Conference at White House Yesterday.

Washington, June 2.—At a conference between President Taft, Secretary of War Stimson, Col. Goethals and Senor C. C. Arosomena, a member of the Panama cabinet, at the White House today, it was decided to adopt measures to prevent gambling by employes of the Isthmian Canal Commission in the cities of Panama and Colon. According to reports gambling in those two cities is open. It is probable that the Panama government will be asked to stop it.

President Taft told Carlos Arosomena, a member of the Panama cabinet, today that this government's only interests in the Presidential election in Panama was that the voting should be free from fraud and corruption. The President felt sure that any president of Panama would fulfill the treaty obligations with reference to American interests.

DAVID'S

CROP REPORT COTTON FEATURE

Market Condition Was Higher Than Expected—Closed Quiet at Decline of One to Seven Points—Market.

New York, June 2.—The feature in the cotton market today of course was the government's first crop report of the season. This report making the condition of the crop 87.8 per cent. and indicating an increase of 4.7 in acreage appeared to be about a stand-off so far as its immediate effect on the market was concerned, for while the condition was higher than expected, the acreage increase was slightly under local estimates, and after a quick break of 10 or 12 points in prices the market steadied on trade buying and covering, with the close quiet but steady, at a net decline of 1@7 points.

The opening was steady, at a decline of one point to an advance of one point, and during the early trading new crop positions sold up to a net gain of 5@6 points in sympathy with steady cables and on reports of dry weather in the South. Old crop positions, however, failed to respond to the firmer tone of the later months, and toward midday the whole market became nervous and unsettled, under liquidation by trailing longs in July and August, and scattered offerings of the new crop months which seemed to come partly from local operators who were convinced that the government report would be bearish. Before the report was issued, the market had sold off several points from the best and right after the publication of the figures there was a further break which carried August contracts down to 15.05 and October to 13.13, or to a net decline of 56@10 points. Trade interests were good buyers on the set back, early sellers for short account seemed to be disappointed that the high condition figures had not created a more important selling movement and within half an hour of the publication of the report new crop positions were selling 2 or 3 points higher. Subsequent fluctuations were somewhat irregular, with trading quiet and with the market showing no special feature.

The report of the government is considered in local circles as indicating the possibility of a very large crop, as the condition reported is materially higher than at the start of any of the three big crops, and as the acreage is by far the largest on record. On the other hand the market appeared to be steadied by a more or less general feeling that requirements next season will be particularly heavy, and that the actual size of the coming crop depends entirely upon the growing season.

Receipts today, 9,543 bales, against 7,306 last week, and 3,485 last year. For the week, 35,000 bales, against 41,150 last week and 11,743 last year. Today's receipts at New Orleans, 4,113 bales, against 615 last year, and at Houston, 109 bales, against 851 last year.

Spot closed quiet, ten points lower; middling uplands, 15.75; middling gulf, 16.00; sales, 60 bales.

Cotton futures opened steady and closed quiet.

Total today—Net receipts, 453; gross receipts, 871; shipments, 2,821; sales, 823; stock, 125,781.

THE GRAIN MARKET.

Chicago, June 2.—Hessian fly, grass hoppers and heat damage plagued the wheat bears today. In consequence, the July option closed at ⅛ advance. Other months finished ⅛ under last night. In coarse grain and provisions the outcome of the day's trading was a set-back all around. Corn, ¼ to ½; oats, ¼@⅝ to ½, and for hog products, 2½ to 25.

Wheat—No. 2, red, 93¾@95; No. 3, red, 92@94; No. 2, hard, 93¾@95; No. 3, hard, 92@94; No. 1, northern, 1.00@1.02; No. 2, northern, 99@1.01; No. 3, northern, 96@99; No. 2, spring, 94@97; No. 3, spring, 94@96; velvet chaff, 92@96; durum, 85@92.

Corn—No. 2, 54¼@54¼; No. 2, white, 54½@54¾; No. 2, yellow, 54½@54¾; No. 3, 54@54¼; No. 3, white, 54¼@54½; No. 3, yellow, 54½@54¾; No. 4, 51@52¾; No. 4, white, 51½@52¼; No. 4, yellow, 51½@52¾.

Oats—No. 2, 36¼; No. 2, white, 37@37½; No. 3, white, 36¼@36⅝; No. 4, white, 36½@37½; standard, 36½@37.

TAR—Firm, $2.20 per barrel.

CRUDE TURPENTINE — Market, firm; $3.50 per barrel, or hard; $5.50 for dip; virgin, $5.80.

Quotations same day last year—Spirits turpentine, nothing doing; rosin, nothing doing; tar, $2.10; crude turpentine, firm at $5.00, $4.50 and $5.50.

Spirits Turpentine	42
Rosin	112
Tar	(—)
Crude Turpentine	27

Receipts same day last year, 32 casks; turpentine, 187; barrels of rosin, 10; barrels of tar, 67; barrels of crude turpentine.

COTTON MARKET.

Market—Nominal.

Same day last year, nominal.

Receipts—(—) bales; same day last year, 33 bales.

PRODUCE MARKETS.

(Quoted by W. J. Meredith, May 27th.)

PEANUTS—Virginias, .90 to $1.00 per bu.; North Carolinas, $1.50@$1.60; Spanish, $1.15@$1.25.

CORN—Firm; .68 to .70 per bu.

PEAS—White black-eye, $2.50; white lady finger, $2.75; clay peas, $1.75 per bushel, dull.

POTATOES—Yams, 90 to $1.00 per bu.; Irish potatoes, new crop, $1.25 per bu.

BEEF—On foot, .03@.04 per lb.

Pork—Net, small, .09@.10 per lb.

WOOL—Burry, .12@.15 per lb.; free of burr, .18@.20 per lb.

HIDES—Green, .07 per lb.; dry, .12 per lb.

NORTH CAROLINA BACON—Hams, old, 17c. per lb.; sides and shoulders, 12 to 13½ per lb.

BEESWAX—Firm; .27 per lb.

TALLOW—Firm; .04½@.05 per lb.

POULTRY—Turkeys, out of season. Chickens, grown, .40@.50 per head; chickens, spring, .20@.35 per head; Geese, .50 per head.

EGGS—Dull; .18 per doz.

SHEEP—Lambs, $2.50 to $3.00 per head; grown sheep, .90 to $2.25.

Petersburg Peanut Market.

(Furnished by Rodgers, McCabe & Co.)

Farmers' Spanish—Quiet, at $1.27½ per bushel. Shelled Spanish—No. 1, Spanish, shelled, 7c. per lb.; No. 2, Spanish, shelled, 5½c. to 5¾c. per lb. Virginias—Firm. Bunch, 4¼c. to 4½c. per lb. Fancy handpicked, 3¾c. to 4c. per lb. Prime, 3¼c. to 3½c. per lb. Machine picked, 3¼c. to 3½c. per lb. Shelling stock, 2¾c. to 3¼c. per lb.

LIVERPOOL COTTON MARKET.

Spot, in Limited Demand; Prices, Unchanged—Futures.

Liverpool, June 3.—Spot, in limited demand; prices, unchanged; American middling fair, 8.87; good middling, 8.55; middling, 8.33; low middling, 8.13; good ordinary, 7.87; ordinary, 762.

The sales of the day were 5,000 bales, of which 500 were for speculation and export, and included 4,000 American. Receipts, 5,000 bales, including 1,300 American.

Futures opened firm and closed quiet and steady. June, 8.06½; June and July, 7.96; July and August, 7.90; August and September, 7.81; September and October, 7.20; October and November, 7.02¼; November and December, 6.96½; December and January, 6.94½; January and February, 6.94½; February and March, 6.95; March and April, 6.95½.

DRY GOODS MARKET.

New York, June 2.—The primary cotton goods market was steady, but very quiet throughout the day. Wool dealers are doing a fair trade and prices are firmer than they have been for some time. Broad silks are dull, as this is a between seasons period. Ribbons are a little active in the cheaper sorts, suitable for the retail dry goods trade.

Brilliant Lumina Tonight.

Follow the crowds to the opening dance tonight. **

ACTIVITY IN STOCK MARKET

Recent Advance Was Extended Yesterday—Sentiment More Cheerful—No Disturbing Influences—Features.

New York, June 2.—The recent advance in stocks was extended today and the market was one of the broadest and most active of the year. Trading was conducted in a way which seemed to indicate that sentiment had become decidedly more cheerful, and that out of the various disturbing influence of the recent past there had grown a feeling of greater confidence. The substantial advances which were scored in virtually every department brought out a large amount of stock, but the market developed unusually large absorptive powers. Realizing sales caused recessions late in the day. The demand seemed to be unabated, however, and before the close almost complete recoveries were effected.

The confident tone of the market could not be attributed to any news of the day, which was almost barren of happenings, with influence upon securities. It appeared to be based rather upon the combined effects of recent developments. Varying opinions are still held as to the ultimate effect of the recent anti-trust decisions upon corporate activity, but in the stock market at least there is no longer evidence of depression on account of the findings of the court. With some indications of better things in the steel trade, the unsettlement which followed the adoption of the "open market" policy has disappeared. The favorable effect upon reports of curtailment in expenses, as indicated in April statements, has strengthened the position of the railroad stocks materially. The government's first report on the cotton crop for the season, which was issued today, gave further bases for expectations of good crops.

The Hill stocks were again strong and active. Profit taking weakened the Chicago, Burlington and Quincy joint 4 per cent. bonds, which have been associated with Great Northern and Northern Pacific in the advance which followed the announcement of the Hill financing project. American Tobacco securities continued their decline. The common stock dropped 15 points on the "curb" subsequently recovering part of the loss. American Tobacco 4 per cent. bonds declined 2⅝ to 86, virtually the price at which they sold before the Supreme Court's decision was announced, after having risen to 93½, in expectation that the issues would be retired at par in connection with dissolution of the tobacco combine.

The bond market was active and strong. Total sales, par value, $5,390,000. United States government bonds, unchanged, on call. Total sales of stocks today, 769,200 shares.

REVIEW OF COTTON FOR WEEK

Drouth in South Has Caused Staple to Advance—Government Report Somewhat Better Than Expected—Features.

New York, June 2.—Prices have advanced owing to drouth at the South, covering of shorts and more or less bull manipulation. The government report appeared today and was somewhat better than many had looked for, as it gave the condition as 87.8, against 82 a year ago, and a ten-year average of 80.9 per cent. The average of other reports latterly issued is about 86, with an increase in acreage of anywhere from 5½ to 6½ per cent. The government put the increase in the area at 4.7 per cent. The first effect of the report was to cause some decline. Then came a rally on good buying by prominent interests. Liverpool kept open until 1 o'clock, New York time, in order to get the news from Washington. Early prices there were strong on Friday. After the receipt of the government report they declined slightly.

On the whole, the feeling is that the cotton belt is not getting enough rain. The government weekly report on Wednesday stated that rains were needed in Mississippi, North Carolina, South Carolina, Arkansas, Tennessee and Florida. Also in parts of Texas, Oklahoma and Georgia. In addition, temperatures have been unusually high in many sections.

Cotton goods have been in rather better demand at stronger prices. The tendency among the mills seems to be to curtail further, rather than accept bids for goods which means a loss. Meantime, the rather peculiar spectacle is seen of a noticeable revival of trade in Europe and an unsatisfactory condition of business in the United States. Many think that the textile trades have turned the corner and are slowly making their way back to more prosperous conditions, but nobody claims that the sales of dry goods are anything like what they should be at this season of the year. As for the speculation in cotton, it is still largely professional. Old crop months are under manipulation by leading bull interests, who alternate to advance them and allow them to sag. Under the circumstances, many people refuse to trade in these deliveries. There is in many quarters a disinclination to sell the new crop months for several reasons—first, they are already at a big discount; second, there are widespread complaints of drought and third, a "bumper" crop is needed and failing which, there is a belief that nothing can prevent a sharp advance in prices, even from the existing high level. On the surface the government report points to the largest crop ever known, i. e., 14,000,000 to 15,000,000 bales, but new crop months wound up practically unchanged for the day, as the June condition is apt to be deceiving.

DUN'S REVIEW OF TRADE.

Better Business Sentiment Prevailing. Readjustment of Prices.

New York, June 2.—R. G. Dun & Company's weekly Review of Trade tomorrow will say:

Continued conservatism, combined with growing confidence, appears in trade reports. The fact that after another week of perplexing uncertainties is passing, and that crop prospects are increasingly favorable, creates the distinctly better business sentiment prevailing, although curtailment, readjustment of prices and moderate purchases in satisfaction of immediate wants still characterize the actual trade movement. The most active trade movement is at present in exportation to foreign lands and this constitutes a strong situation. The fact that in Canada business is moving briskly is also a good augury.

Significant developments in iron and steel are still confined to the matter of prices, and recent events in this respect have tended to accentuate the feeling of uncertainty.

Cotton goods are holding the slightly higher values recently established and more business is passing. Curtailment has become drastic, probably more than representing the decreased volume of distribution and consumption and is due mainly to the disparity between the cost of production and selling prices. Dress goods trade is very quiet. Despite some adverse factors merchants in the dry goods trade manifest a larger measure of confidence in the future than they did a month ago. There is a good business in wool at Eastern centers, though trading is checked by the higher prices demanded.

Improvement continues in footwear, but wholesalers display conservatism owing to the many styles offered. The leather market gradually improves, although the buying is still largely of current needs.

NAVAL STORES.

New York, June 2.—Rosin, quiet. Turpentine, steady.

Charleston, June 2.—Turpentine, firm, at 53@54.

Rosin—Firm. Quote: B, 6.70@6.75; D, 6.75; E, 6.90@6.95; F, 7.00@7.05; G and H, 7.05@7.10; I, 7.05; K, 7.07½; M, 7.10; N, 7.20; W G, 7.25; W W, 7.35.

Savannah, June 2.—Turpentine, 53⅜@54¼; sales, 612; receipts, 845; shipments, 3,617; stocks, 14,201.

THE TRUE TEST

Tried in Wilmington, It Has Stood the Test.

The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Wilmington. Kidney sufferers can hardly ask for stronger proof than the following:

R. A. Biddle, 606 Castle St., Wilmington, N. C., says: "I suffered from my kidneys and back for a long time and another member of my family also complained of backache. Finally we got Doan's Kidney Pills at Bellamy's Drug Store and the results of their use were astonishing. The secretions from my kindeys were cleared up and the pains and backache disappeared. We consider Doan's Kidney Pills a most effective kidney remedy and will always be pleased to endorse them." (Statement given in April, 1903.)

Time is the Test.

Mr. Biddle was interviewed on December 27, 1910, and he said: "I have no reason whatever to alter my opinion of Doan's Kidney Pills. They made a permanent cure in my case and for that reason I am always glad to say a good word for them."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

THE WEATHER.

United States Department of Agriculture, Weather Bureau.

Wilmington, N. C., June 3rd.

REPORT ON COTTON CROP.

Estimated at 87.7 Per Cent. of a Normal Condition—Details.

Washington, June 2.—The area planted to cotton this year in the United States as estimated by the crop reporting board of the Department of Agriculture in the first crop report of the season, is about 104.7 per cent. of the area planted last year, or 35,004,000 acres, including that already planted and expected to be planted. This is an increase of 4.7 per cent., or 1,586,000 acres as compared with 33,418,000 acres, the revised estimate of last year's planted area.

The condition of the growing crop on May 25 was 87.8 per cent. of a normal condition as compared with 80.2 per cent. that day last year, and 80.9 the ten-year average on that date. Details by States of area planted in 1911, per cent. of 1910 area, and condition on May 25, follow:

States—	Acres.	P.C.	Condition.
Virginia	37,000	109	93
North Carolina	1,587,000	105	83
South Carolina	2,705,000	103	80
Georgia	5,119,000	103	92
Florida	284,000	106	95
Alabama	3,815,000	105	91
Mississippi	3,454,000	101	86
Louisiana	1,118,000	104	91
Texas	10,868,000	105	88
Arkansas	2,446,000	108	87
Tennessee	822,000	105	83
Missouri	115,000	112	86
Oklahoma	2,622,000	116	87
California	12,000	123	95

COTTON RECEIPTS.

New York, June 2.—The following are the total net receipts of cotton at all ports since September 1st:

Galveston	2,724,874
New Orleans	1,535,982
Mobile	249,344
Savannah	1,401,496
Charleston	282,040

Wrightsville Beach, N. C.

TURPOILINE
CHEAPER THAN TURPENTINE
It is an odorless mineral product, which possesses great solvent power for paints and varnishes, has the requisite high flash for working and the clean evaporation which leaves the coating in perfect condition.
TURPOILINE makes a free flowing varnish, free from bloom. It flat colors better than turpentine.
TURPOILINE is thorough uniform; you can be assured of receiving the same product all the time.
TURPOILINE costs less and works well.
TURPOILINE is the most satisfactory product on the market for the paint and varnish man.
Try TURPOILINE. One thorough trial will convince you.

CLOSE OF SCHOOLS A MARKED FEATURE

(Continued from Page Five.)

law firm of Kenan & Stacy, one of the most prominent young members of the bar, made announcement of the winners of the prizes offered by George Washington Council, No. 57, Jr. O. U. A. M., for the boy and girl making the highest average in the final examinations held last week. Mr. Stacy made a splendid short talk in which he told of the fine work of the organization which had decided to give the prizes, two $5 gold pieces. He said that the intrinsic value of the coins was not much, but the spirit of the giver is eternal. The prize to the boy making the highest average was won by Walker Taylor, Jr., whose mark was 97. Misses Mary Clair Peterson and Emily Hammond tied for the girl's prize, both receiving a grade of 99.53. Mr. Stacy remarked upon the unusual high mark received by the young ladies, stating frankly that in his several years connection with the school room he had never known a man to receive such a grade. Inasmuch as there was a tie for the girl's medal it was decided that each of the two should receive $2.50 of it. The coins were given to Supt. Blair to be turned over to the winners, neither of whom was present last night.

The Grand Honor Roll for the Year 1910-1911 was then announced by Superintendent Blair as follows:

Senior Class—First honor, Isabelle Shaw, 95.63; Hiram King, 95.23. Second honor, Annie Taylor, 93.45; Marguerite Duls, 92; Mary Worth, 91.91; Edelweiss King, 91.91; Avon Blue, 92.6.

Junior Class No. 1—First honor, Lula Johnston, 96.9; Gladys Herring, 96.2; Jennie Johnson, 96; Katherine VonGlahn, 95.9. Second honor, Julia Moore, 94.8; Elizabeth Berry 93.

Junior Class No. 11—First honor, Alice Sawyer 99.37; Annie Leah Mercer, 95.2. Second honor, Mary Lorenzo, 94.3; Wallace Smith, 90.7; Marguerite Solomon, 90.6.

Sophomore Class No. 1—Jeannette Buck, 98.77; Lena May Herring, 97.17. Second honor, Lottie Fales, 94.42; Arthur Humphrey, 94.04; Annie Candy, 92.51; Cornelia Brady, 92.4; Lillian Davis, 91.88.

Sophomore Class No. 11.—No first honor. Second honor, Lassie Wilson, 94.75; Julia Faison, 94.06; Nellie Howard, 91.35.

Freshman Class No. 1 — Thelma Brooks, 98.40; Mary Bellamy, 97.40; Jennie Gilchrist, 96.20; Hattie King, 95.80; Carobell Blair, 95. Second honor, Katherine Russell, 94.50; Walker Taylor, Jr., 93.80; Paul Hammond, 93.60.

Freshman Class No. 11.—First honor, William Cumming, 94.80; McCallum Plowden, 95. Second honor, Valeria Thomas, 93.80; Charles Wagner, 93.60; Gordon Thompson, 93.60; Alice Adkins, 93; Valeria Dukes, 92.50; Minnie Plowden, 92.40; Waldo Moore, 90.80.

Freshman Class No. 111.—First honor, Marguerite George, 97.88; Allie Uechtig, 96.75; John Allan Thames, 95.50. Second honor, Elizabeth Thames, 94; Edwin McClure, 92.50; Eryanna Whitlock, 92.20; Rachel Fearsall, 91.

Superintendent Blair gave some statistics showing that the past year has been a record-breaker in the point of attendance. In the white schools were in attendance 1,108 boys and 1,254 girls, a total of 2,365; colored schools, boys, 538, girls 780, a total of 1,318, making a grand total of 3,683. He announced that already there are enough pupils in sight for next season to fill every room in the schools.

Mr. Blair announced that Miss Alice Sawyer secured the highest average in school for the year, receiving 99.37, which was greeted with very generous applause. Thanks were extended by Mr Blair to all who have in any way aided in making the commencement exercises such a great success—the press of the city, the city officials, chief of police, fire department, ushers, High School Orchestra, and all others who have contributed to the success of the week in the city schools. Dr. Mims also received the thanks of Mr. Blair for his splendid address.

The classes of 1911 and 1912 were then asked to stand, the former being on the stage and the latter occupying a place in the balcony. Mr. Blair told the Seniors that they had acted well their part and all he could say to the Juniors was to wear well the mantle which passes to them.

The benediction was pronounced by Rt. Rev. Robt. Strange, Bishop of the Diocese of East Carolina.

The three Wilmington boys who graduated at the University this year and referred to by Dr. Mims in his address are Messrs. Ferdinand Duls, Harry Solomon and William Parsley. They were members of the Wilmington High School graduating class four years ago.

At Hemenway School.

The closing exercises of Hemenway grammar school were held yesterday morning at 9:30 o'clock and long before that hour the large auditorium was filled with friends, patrons and pupils of the school. The exercises were highly creditable to the pupils and teachers and were much enjoyed by all in attendance.

The seventh grade composed the graduating class and 16 boys and 25 girls will go next year to the High School. They are as follows: Pearl Alderman, Ethel Allen, Loula Blalock, Flora Boney, Helen Bright, Mary Cavanaugh, Dorothy Cheek, Lena Craig, Alberta Creasy, Annie DeMent, Wilma Ek, Mamie Fennell, Vernell Huband, Fannie Jones, Louise Lanier, Josie Lathrop, Henrietta Lewis, Annie Meade Lynch, Emma McEachern, Lina Otersen, Julia Pape, Elizabeth Powell, Dorothea Quelch, Florence Tyndall, John Bonitz, John Casteen, Commodore Chinnis, DeWitt Duncan, Norwood Futrell, Henry Loewenstein, Harry Merritt, Robert Morrison, Aubrey Morse, John Moylan Carey Murrell, Chas. Nixon, Kenneth Partin, Isaac Silverman, George Sloan, Clarence Stanland.

The exercises of commencement were carried out under the direction of Superintendent Blair and the programme opened with the "Sunbonnet Babies and Overall Boys" of the grades taught by Misses Yarborough and Johnson. Then came next the "Flowers and Mother Goose," which parts were taken by pupils in the section taught by Mrs. Clarke and Miss Wiggins, pupils from the same section having given a very creditable "Japanese Drill." "The May Queen" was next presented by pupils of Misses Hill, Lathrop and Woodward, after which the class gift of pictures to their alma mater was made by the seventh grade. The class recitations by grammar grades came next, the teachers being as follows: Fourth grade, Miss Farmer; fifth grade, Miss Pridgen; sixth grade, Miss Clark; seventh grade, Miss Yates.

Richard Warren and John Warren received special mention for being present every day for seven years. Helen Bright and Ethel Allen (7th) were never tardy and present every day for five years.

Upon the conclusion of the exercises Mr. Blair introduced Prof. O. A. Hamilton, principal of the school, who is just concluding his first year, which has been one of the best in the history of the school. Mr. Hamilton stated that including the divisions of the eighth grades, which were sent to the High School after Christmas, the enrollment of the school was 777. The present enrollment is 618. The attendance during the year averaged 94 per cent. of the total enrollment, reflecting the interest of the pupils in their work. He commended the teachers and pupils for the successful term just ended and upon behalf of the teachers of the school presented to Miss Johnson and Miss Boone, who had charge of the music during the year, handsome bouquets of carnations. Supt. Blair then complimented the Messrs. Warren, Helen Bright and Ethel Allen for the fine record they had made in punctuality and attendance. Following this, members of the seventh grade were called to the stage and Supt. Blair presented them with their passports to the High School in an appropriate and very pleasing address.

The class gift to the school was a handsome portrait of a German steamer loading cotton for foreign export at Wilmington a few months ago. The vessel carried 21,000 bales of cotton to a foreign port and the picture was taken in mid-stream with all colors flying.

Chairman J. A. Taylor, of the School Committee, was next called upon for a few remarks and responded in a complimentary address to pupils, patrons and friends of the school, commending the work of Mr. Hamilton, the principal. He told something of the educational system of the city and the plans that are being made for the future.

It was a pleasure to have present for the exercises Dr. Edwin Mims, of the University, who delivered the annual address at the commencement exercises of the High School last evening. Dr. Mims was called upon and expressed pleasure at being present and satisfaction with the school work in Wilmington.

Following the formal exercises those assembled were invited to see the exhibits of work in the several class rooms and this opportunity was embraced by a very large number, who were delighted with the evidences of splendid training in every department.

In the first grade Miss Ruth E. Farmer, principal, the manual training consisted of colored paper weaving in fancy designs mounted on white card board. Rugs woven with yarn into designs and mounted on white cardboard. Paper cutting for each month was used to make a border for the room. Short stories were written during the season by each child and easy examples in combination to twenty were on exhibit. Friezes of pond lilies decorated the blackboards.

In Section 1, of the Fourth Grade, Miss Eva F. Farmer, teacher, North Carolina and North American maps formed an interesting and highly creditable exhibit. Then there were exhibits in composition work. Japanese lanterns done in colors and arithmetic examples.

In Miss Corbett's division of the Fourth Grade there was an exhibit of written work in grammar, arithmetic, geography, history, composition and map drawing.

In Miss Boone's division of the Fourth Grade there were very pretty blackboard drawings with maps of North and South America and cut-out maps of North Carolina; arithmetic work in long division, addition and subtraction of fractions, with attractive Greek story books made by children and Greek stories written, spelling test papers, etc.

In the Fifth Grade room, Mrs. H. E. Fennell, teacher, there were maps, pen and ink and crayon work, examination papers, spelling, arithmetic, geography, history, grammar, composition, copy books, board work, decimals and fractions.

Sixth Grade—Mr. Israel Noe, teacher. Examination papers, arithmetic, geography, grammar, history reading and spelling, maps, pen and ink sketches, crayon, writing, movements and copy books, blackboard border, flags, different cities, arithmetic examples, work on board. Room decorated with ferns, flowers, pines and cactus. Drawing by different pupils.

Seventh Grade—Miss Yates, teacher. In this grade there are on exhibition writing exercises, copy books, physiology drawings, compositions and examinations of the various subjects taught.

The exhibits in every room were much enjoyed by the many visitors during the morning hours and all commended the work being done at Hemenway as evidenced by the specimens submitted by the pupils.

FIRE AT NEWBERN.

Damage of Probably $5,000 Last Night Next to Hotel.

(Special Star Telegram.)

Newbern, N. C., June 2.—An alarm from box 24 at 9 o'clock tonight called the firemen to the wooden building at corned of Middle and South Front streets, next to Hotel Gaston and the telegraph office. Despite the efforts of the firemen the building was gutted completely. The building was occupied by a number of fruit stands, meat markets, etc., and was owned by J. B. Blades.

Several explosions during the fire kept back the thousands who gathered near the scene. At present the fire is under control, but all the fire equipment of the city is at work on it. The loss is perhaps $5,000.

Don't forget the Rural Building Loan Association opens new series today. **

GARY SAYS STEEL PREVENTED PANIC

(Continued from Page One.)

say that we could buy this property. The President said he understood that, and that all we wished to know was what would be the attitude of the Department of Justice. The President said that in case of objection we would not be permitted to buy. I remember the President saying also that he was glad to know that the percentage of steel production of the United States Steel Corporation had not increased, but was less than at the time the corporation was organized. I think he said: 'In view of the fact that your percentage of control of the steel industry has not increased but decreased, and appreciating the financial distress I don't believe it is necessary for me to say that I don't feel like objecting under the circumstances'."

Answering Representative Littleton, Mr. Gary said that after the interview with Mr. Roosevelt he and his associates felt that if there should be any proceedings by the government to prevent consummation of the Tennessee, it would "amount to a great outrage."

Mr. Gary denied that the United States Steel Corporation controlled either the price of steel rails or of iron ore. He aroused the interest of the committee by declaring that an increase in the price of rails would be necessary soon because the cost of producing has greatly increased in the last ten years, have increased, specifications are different, heavy equipment, increased speed of railroads demanding bigger and better rails."

THE PLIGHT OF MRS. BULL.

Took Indian Medicine Against Her Will During Her Dying Days.

Alfred, Maine, June 2.—Bread made of walnuts, red pepper and raw wheat and milk secured by crushing pumpkin seed formed the diet recommended for Mrs. Olea Bull, by an East Indian doctor who was called in during her dying days, according to the testimony today of Miss Siri Swanander, of Brooklyn, N. Y., in the action brought by Mrs. Olea Bull Vauhn, to to contest her mother's will. She also testified that the patient was three given three different kinds of Indian medicines against her will.

Miss Swanander said she herself was a believer in Raja Yoga, as taught by the Hindu priests. The witness entertained Mrs. Bull in Brooklyn when Miss Margaret Noble, known as Sister Nivedita, a priestess of the Hindu cult, was Mrs. Bull's attendant.

One day, the witness said, she heard loud voices in Mrs. Bull's apartment and heard her say apparently to Miss Noble, "I shall go crazy if I can't do as I want to with my money."

On one occasion the witness said, Dr. Reed found a little black pill in the medicine he had prescribed for Mrs. Bull and crushed it.

"What was the result?" Miss Wanander was asked.

"It gave off a strange odor and portions of it fell into a plant pot which continued to give off the odor for some time."

Describing the effects of the Indian medicine administered to Mrs. Bull, the witness said that Mrs. Bull "would lie with her mouth partly open, and beer eyes partly closed."

On one of Dr. Reeds visits Mrs. Bull told him, according to the witness "that she was suffering from a 'hidden power.' She had her bed full of jewelry and remarked to the physician 'the only strength I have I am going to put into this jewelry.'"

SCHIEB LANDS IN TOMBS.

Charged With Cruelly Murdering His Wife in New York.

New York, June 2—Henry A. Schieb who is held on a charge of slaying his wife, Lillian, made a fourth start for freedom today, and landed once in the tombs. A writ of habeas corpus procured by his lawyer, was dismissed this afternoon by Supreme Court Justice Bischoff, who held that there had been present sufficient evidence to warrant the suspicion that Schieb killed his wife and left her body in the bath room of their apartment for several weeks until it was found last Tuesday.

Detectives busied themselves today seeking the actual cause of the woman's death. It will be several weeks before a chemical analysis will determine whether the mass of decomposed flesh contained poison as in the Crippen case, but physicians completed a preliminary examination today. They announced that the woman apparently was dead when placed in the tub. The lungs showed that she had inhaled no water, and no bones were broken, they said, nor was there any evidence of violence.

TAFT OFF FOR CHICAGO.

To Continue Campaign for Canadian Reciprocity.

Washington, June 2.—President Taft, accompanied by Secretary of the Interior Fisher and Secretary Hilles, left tonight at 6:45 o'clock for Chicago, where tomorrow he will continue his campaign for Canadian reciprocity by speaking before the Western Economic Society.

Washington, June 2.—President Taft was asked today by some callers whether he thought the Sherman anti-trust law was antiquated. "No," replied Mr. Taft, "they are just beginning to make it useful."

BROWN ON MARKET AGAIN.

Reported "Bull Leader" Will Play Part in Pending Operations.

New Orleans, June 2.—W. P. Brown, the cotton operator, who recently recovered from a serious illness contracted in New York last Winter, left here tonight for New York and while he was non-committal on the subject, his close friends in this market are of the opinion that he will play a leading part in the operations now pending in the Summer months in the cotton market of the North.

For some months past Mr. Brown has not taken an active part in the trading around the ring, but it is said that he has accumulated an interest in the near months recently and that he will be a factor in the trading from now on. He is one of the heaviest traders in the South and recently has devoted a great deal of his time to the New York market.

In discussing the day's bureau reports Mr. Brown said that the condition figures were higher than expected, but that the weather since May 25, the date to which the report carried the crop, had been unfavorable. The acreage, he said, was not as large as expected.

MACON MINISTER KILLED.

Rev. H. B. Dean Victim When Team Struck Auto.

Macon, Ga., June 2.—While driving across the tracks of the Southern railway in Fort Valley this afternoon with Mr. T. C. Eberhardt, Rev. H. B. Dean, a Methodist minister of that place, was instantly killed and his companion seriously injured when a freight train struck their automobile.

INCREASE WEIGHT QUICKLY.

Simple Way for the Thin and Pale to Be Plump and Rosy.

Samose can hardly be termed a medicine, it is in reality a flesh-forming food. Taken before or after meals, it mingles with the food you eat, enables it to assimilate and readily digest, so as to make rich blood and pleasing plumpness.

After Samose has been used a week or ten days a noticeable gain in weight is seen. The sallow complexion will become rosy, the sunken cheeks will have a ruddy glow, the eyes will be bright, the breath sweet and the step elastic.

J. Hicks Bunting's customers have told him of the remarkable results following the use of Samose, the great flesh-forming food, and he is so thoroughly convinced of its reliability that he is selling it under his personal guarantee to refund the money if it does not do all that is claimed for it. You who are thin and in poor health cannot afford to let another day pass without getting a 50c. box of Samose on those terms.

C. H. Fore & Co. are offering some very clean towels, suitable for the beach. **
